NO. 166

## LAST SECTION TO BE GRADED

### E. & N. ASKS TENDERS ON FINAL PORTION

Last Twenty-seven Miles of Extension Will Soon Be Under Way.

The E. & N. Railway Company is calling tenders for the grading of the last section of the extension to Alberni. This covers 27 1/2 miles from Cameron lake to the terminus at Alberni. This portion of the road calls for heavy work. It passes along the shores of Cameron lake over the divide and into Alberni. It will be seen that this section will call for a lot of heavy rock work.

It is estimated that in some parts the work will run up to \$40,000 a mile, and it may take twelve months to complete the grade. The tenders have all to be in by September 6th.

In connection with the line along the shores of Cameron lake, it is said the company has not finally decided upon which side of the lake it will follow. Surveys have been made on the same side as the present wagon road and also on the opposite shore. The decision as to which route will be followed will be settled later.

At present the E. & N. has the grading of the road practically completed from Wellington, the present terminus, to French creek, a distance of 24 miles. A heavy rock cut, not far from Wellington, is the only portion remaining incomplete.

Eight miles from the 100th mile post to the 105th mile post at Cameron lake was recently let to Moore & Dickson. The section which is now to be let takes the remaining 27 1/2 miles of the route.

## ARCHITECT NAMED TO INSPECT SCHOOL

Thomas Hooper is Reporting to Executive on Condition of Lampson St. Building.

Thomas Hooper has been asked by the provincial government to report upon the condition of Lampson street school building, which has been found to be such a jerry-built structure that it will not stand the addition of a second story. Mr. Hooper has entered upon his duty, and has already partially examined the building and will complete the work at once. He will report to the government as soon as the work is completed.

There was a very largely attended meeting of ratepayers of Esquimalt in the school last evening, to receive the report of the deputation which waited upon the government in relation to the matter on Tuesday. The greatest interest is being taken by the people of the district in the matter. John Jardine, M.P.P., the spokesman for the deputation, reported the government's promise to have an immediate investigation into conditions.

The question of accommodation for the children, pending the re-building of the school, was next taken up. There are three rooms in the Soldiers' and Sailors' Home which are available, and these, with the old frame school-house on Lampson street, would hold the children. The matter was left in the hands of Trustees McKenzie, Coles and Anderson and John Jardine, M.P.P.

Rev. W. W. Bolton addressed the meeting on school work, and the meeting adjourned until Friday, July 30th.

## PREMIER TO VISIT PRINCE RUPERT

Hon. R. McBride and Hon. Dr. Young Going North Next Month.

Premier McBride will leave early next month for Prince Rupert, where he will inspect the townsite and look into conditions existing there. It will be the first occasion upon which the premier has visited the new city and he feels that it is necessary for him to do so in order to more thoroughly understand the situation there.

He will be accompanied by Hon. Dr. Young on that occasion. The party expect to leave on August 11th.

## MILITARY TATTOO AT FAIR.

Eight Bands Will Take Part in Programme on Friday, July 30th.

Seattle, Wash., July 22.—The bugle band of the Sixth Duke of Connaught's Rifles, of Vancouver, has accepted the invitation of the exposition to play here next week, and plans will be completed at a meeting of the exposition bandmasters this afternoon for the rendering of the international military tattoo by the eight bands at the amphitheatre on Friday, July 30th.

## AGREEMENT WITH TRAM COMPANY

### DATE OF VOTE TO BE DECIDED TO-NIGHT

Sunday Closing Question Will Also Be Taken Up—Appeal Likely.

A special meeting of the city council will be held this evening to consider the final draft of the agreement with the B. C. Electric Railway Company in regard to municipal competition and the company's plans for developing power at Jordan river. The by-law embodying this agreement will be introduced and a vote will be taken for or against it as well as on the by-law authorizing the expropriation of the Esquimalt Waterworks Company's undertakings.

Mayor Hall has posted a notice of the by-law, which is entitled "a by-law to authorize the entering into of an agreement with the B. C. Electric Railway Company as to the principal requisites for municipal competition in their electric light and power business."

The failure of the Sunday closing by-law will be decided, and it is likely, Mayor Hall says, that an appeal will be taken to the full court.

## THREE STRIKERS SHOT IN RIOT

### ONE MAY SUCCUMB TO HIS INJURIES

Three Officers Also Injured—Troops Likely to Be Called Out.

Kenosha, Wis., July 22.—Three men were shot, one of them being probably fatally wounded, and three officers were injured to-day in riots near the plant of the Allen Paper Co. Employees of which are on strike. General Falk, commanding the national guard, arrived here at noon and it appears probable that troops will be called out to quell the rioting strikers.

The injured are: Tony Mankon, striker, shot through the hip, perhaps fatally wounded; Peter Sabatucci, striker, shot through the right leg; Charles Clemas, striker, shot through the right leg; Acting Police Chief Newhouse, knocked down and clubbed; Deputy Morehouse, hit on the head by a brick; scarp lacerated; Policeman Nelson, hit on the head with a coupling pin.

The riots started when a number of non-union men attempted to go to work at the tannery, strikers assaulted them and a free-for-all fight ensued. The special police who were guarding the plant, attempted to quell the strikers and fired several volleys before they succeeded in driving the mob away from the tannery.

Officials of the company were in conference with representatives of strikers at the time. News of the rioting caused all negotiations to be abandoned.

When the strikers heard that there was little chance of their differences being settled at once, they resumed their attacks upon the non-union workmen and special police. The sheriff, seeing that he was unable to cope with the situation alone, requested that troops be sent to the scene. The riots throughout the day were not of such a serious nature as the first one this morning, but unless General Falk is convinced that peace can be maintained by the civil authorities he will order the militia to guard the tannery.

## EDITORS' CONVENTION DRAWING TO CLOSE

Officers Will Be Elected and Next Meeting Place Selected To-day.

Seattle, Wash., July 22.—The editors composing the National Editorial Association met in a business session at the fine arts building on the exposition grounds this forenoon, following a trolley trip about the city and a band concert. Addresses were delivered by Miss Goldie Perry, of the Sun-Sentinel, of Winchester, Ky.; H. T. Haggood, Star, Bradford, Pa.; Edwin C. Funk, Democrat, Rogers, Ark.; and Carl Roe, Union-Statesman, Walla Walla, Wash.

## FLOODS FOLLOW CLOUDBURSTS

### SERIOUS DAMAGE IN MINNESOTA AND WISCONSIN

Property Loss May Reach Nearly \$2,000,000—Many Families Homeless.

(Times Leased Wire.) Duluth, Minn., July 22.—Three persons were drowned here during the night as the result of the terrific rain-storm which swept the city.

The property damage as the result of the serious wind and deluge of rain is enormous. Conservative estimates place the damage at fully \$1,000,000 in the city and surrounding territory.

Trains Interrupted. Ashland, Wis., July 22.—Serious losses as the result of cloud-bursts, which occurred in Northern Wisconsin yesterday and last night, are reported to-day, the estimates placing the damage at nearly a million dollars. Many dams and bridges were carried out and transportation of all kinds to-day is demoralized.

Great damage was done to the Ojibwa Indian reservation, and the situation there is reported to be serious.

Flood at Duluth. Duluth, Minn., July 22.—This city was flooded for the second time in twenty-four hours last night, and the property damage will probably reach \$1,000,000. The flood was caused by a cloud-burst, almost three inches of rain falling in an hour.

A panic was narrowly averted when the water poured into the Bijou theatre, where a performance was in progress.

Houses Demolished. Ouray, Colo., July 22.—Property damage, estimated at about \$50,000, was done by a cloud-burst that came upon this town yesterday afternoon. Seven business and residence blocks were inundated and to-day fifty families are homeless, having been compelled to desert their houses. Two creeks that pass through the town became overflowed and an avalanche of boulders and loose dirt followed in the wake of the flood, leading down main street and filling the streets with debris. Several persons were rescued from second-story windows of inundated residences.

JACK LONDON RETURNS. Novelist Arrives at Oakland Where He Will Spend Few Days.

Oakland, Cal., July 22.—Jack London, novelist, has returned to Oakland with Mrs. London and to-day is staying at the home of his mother, Mrs. Flora London. He arrived in this city last evening. In an interview to-day, he stated to the press that he intended leaving in a few days for his ranch in Sonoma county, where he will remain indefinitely or until his health, which is not up to its usual standard, returns to him.

"I feel well, however," he said, "and had a very pleasant time on the Shark during the entire trip."

EARLY CLOSING IN MONTREAL. Retail Clerk's Association Celebrate Enforcement of By-Law.

Montreal, July 22.—The Retail Clerks' Association last night celebrated the putting into force of the early closing by-law passed four years ago by the council with a drive, which was honored by the presence of a number of the aldermen, and in which about 200 teams participated. The by-law closes all places of business with the exception of drug stores, tobacconists and confectionery establishments, at 7 o'clock, with the exception of Saturday. For the last four years it has been in the courts. The Superior Court and the Court of King Bench decided against the by-law on the ground that it was an unjust discrimination, but the Supreme Court, a month ago, declared the by-law legal. On Tuesday the council instructed the chief of police to enforce it. It was generally observed last night. The opponents of the measure have not abandoned the fight, but the great going to the Privy Council just as soon as the necessary funds can be raised, the amount now being nearly subscribed.

## INDICTMENTS CAUSE SENSATION AT CHICAGO

Three Hundred Persons Involved in Alleged Grafting.

(Times Leased Wire.) Chicago, July 22.—In his war on grafters, State Attorney Wayman has secured the greatest number of indictments ever voted by a grand jury in a single day. One hundred and five were returned yesterday, involving more than three hundred persons, representing big and small alleged grafters.

The charges affect the levee districts, slot machines, saloons, gambling, and even country towns. The action of the state attorney and the grand jury is the political sensation of the hour, as it is freely predicted that Wayman is after game higher up. He is said to be hot after the city administration. He caught a lot of the small fry in his net in the hope that he might be able to wring from some of these men a confession involving higher officials.

## TURKISH TROUBLE NOT YET OVER

### CHEFKET PASHA AND PARLIAMENT CLASH

Assembly Refuses to Surrender Ismail Kemal Bey to the General.

(Times Leased Wire.) Constantinople, July 22.—General Chefket Pasha, virtually military dictator of Turkey, is to-day at almost open war with parliament over its refusal to surrender Ismail Kemal Bey, the Albanian law-maker, to the vengeance of Chefket's military court.

Ismail is of the party which opposed the Young Turkish wing in parliament before the reactionary uprising last April. Chefket maintained that he was implicated in the mutiny and professed to have proved it in the seizure, after the mutiny had been put down, of correspondence in which the Albanian referred in complimentary terms to a number of Young Turkish leaders and to Chefket and the members of his court martial as "executioners."

The general was extremely anxious to bring his critic to trial before a tribunal on which he could depend for conviction. Parliament insisted, however, on investigating its own members and despite the fact that Ismail had attacked the Young Turks, who constitute a majority of the assembly, decided that there was nothing to indicate participation on his part in the mutiny.

Chefket answered by formally demanding the Albanian's surrender to him. Parliament refused, by a large majority, to comply. Ismail himself was in Rome at the time, but inasmuch as his early return was certain the issue was clean cut between the civil and military authorities. It is believed to-day that at the first opportunity Chefket will seize Ismail and defy parliament, precipitating what may become a serious fight.

## INTERCOLONIAL REVENUE GROWS

### OPERATING EXPENSES OF ROAD DECREASE

Surplus May Be Sufficient to Wipe Out Last Year's Deficit.

(Special to the Times.) Ottawa, July 22.—A considerable betterment in the financial conditions of the Intercolonial for the first quarter of the present fiscal year is reported by the board of management. The revenue is steadily increasing and the operating expenses show a large decrease as a result of the economies effected.

It is expected that at the end of the year the Minister of Railways will be able to announce a surplus sufficient to wipe out the deficit of last year of about \$700,000.

## MUTINY AMONG SPANISH TROOPS

Outbreak When Reinforcements Are About to Embark at Barcelona.

(Times Leased Wire.) Madrid, July 22.—Troops rebelling and citizens making demonstrations against the government to-day show the bitter feeling throughout the country against the war in Morocco.

Dispatches from Barcelona state that a company of troops mutinied to-day as they were about to embark for Melilla to reinforce the Spanish garrison there, which is being besieged by Moors.

There were several clashes here last night between the authorities and the people who paraded the streets in a demonstration of disapproval of the government's course.

## DROWNED WHILE ON HIS HONEYMOON

(Times Leased Wire.) San Diego, Cal., July 22.—Mrs. Geo. G. Orr, bride of a month, is prostrated to-day by the death of her husband on the surf at La Jolla, where the young couple were spending their honeymoon. Orr, who was an attorney of Atchison, Kans., was overcome by the undertow while bathing late yesterday, and was drowned before aid could reach him.

## TRAINS BLOWN FROM TRACKS

### ANOTHER STORM SWEEPS SOUTHERN TEXAS

Number of Persons Reported to Have Lost Their Lives.

(Times Leased Wire.) Austin, Texas, July 22.—Buildings were wrecked, trains blown from the tracks, and it is reported that a number of lives were lost in a second storm which swept Southern Texas and the country on the coast of the Gulf of Mexico last night.

Delayed reports received here indicate that the damage was heavy throughout the country swept by the storm, but the advices received here give but meagre details. A number of buildings here were wrecked, among them the city hospital. No loss of life has been reported, but dispatches from other points state that a number of deaths resulted from the storm.

Several trains are reported to have been blown off the tracks. One train was wrecked near Corpus Christi and a number of passengers killed, according to the advices received. The exact number of dead is not known. Another train on the San Antonio and Arkansas Pass railroad is reported to have been blown off the tracks at Luling, near Yankum.

The storm raged for five hours, and was the worst in years. It uprooted trees and tore the roofs from buildings. The city suffered heavily, but no estimate of the amount of damage has been made.

Communication with Galveston was again severed by the storm, and nothing is known of the damage done there by the storm. From the fact that waves were piled over the high breakwater by the first storm, it is feared that more water was driven into the city's streets by the second. It is not thought, however, that there is any danger of the sea wall having given away, after the way in which it withstood the waves yesterday.

The storm extended north from the Gulf of Mexico. Towns in the Colorado river valley between here and the coast suffered greatly, but no lives were reported lost in any of them, according to early advices received here. Communication with the surrounding country is intermittent, the wires having been wrecked by the gale, and it will probably be some time before details of the damage are known.

Reports already received indicate that much damage was done at Hallettsville, Yankum, Rosenberg and La Grande.

Towns Inundated. Port Arthur, Texas, July 22.—The towns of Sabine and Sabine Pass, Texas, are several feet under water to-day, the storm from the gulf having come in with renewed fury this morning.

As the towns are not well protected from the gulf, the inhabitants realized their danger in the storm yesterday, and practically everyone in town left. Most of the inhabitants were brought here before to-day's storm broke, and it is believed the towns were practically deserted when the second storm broke. Reports from the inundated towns are meagre and the property loss is not known.

Advices received from other coast points indicate that damage has already been done by the storm of yesterday and early to-day, but as the reports are not in detail it cannot be learned whether there has been any further loss of life.

Nine Bodies Recovered. Galveston, Texas, July 22.—The bodies of nine of the persons drowned yesterday when the Bettison pier collapsed in the storm were recovered at noon to-day. Galveston did not suffer from the second storm which swept the gulf during the night.

Rapid progress is being made in the repair work on the railroad bridge which connects Galveston with the mainland, and it was announced this afternoon that a train would enter the city by 6 o'clock to-night.

When the nine bodies were recovered it was found that five of the eleven drowned were negroes. No other fatalities have been reported.

Business is normal to-day, and there is no indication that the city was struck by a hurricane other than that telephone and telegraphic communication is delayed and trains are not running.

## PRESIDENT TAFT'S TRIP TO CALIFORNIA

May Pay Visit to Number of Cities on San Francisco Bay.

(Times Leased Wire.) Washington, D. C., July 22.—In addition to a three day visit to San Francisco, President Taft probably will visit the University of California at Berkeley, Stanford University, Oakland and Alameda, during his California sojourn, according to an announcement made to-day by Congressman Knowland.

## THREE BURIED BY ROCK SLIDE

### TWO MEN KILLED NEAR GRAND FORKS

Swept to Death While Clearing Track—Third Man Sustains Injury.

(Special to the Times.) Grand Forks, July 22.—Two men were killed and another injured by a rock slide on the Canadian Pacific railway a few miles east of this city yesterday.

A rock slide had occurred on the railway and a gang of men was clearing the track when another slide came down and caught three of the men, hurling them down the steep bank. All of the men are foreigners.

Two of the men were killed and the other, who was seriously injured, has been brought to the hospital here. The remains of one of the victims has arrived for burial. The body of the third man is believed to be buried under the rock slide.

## NEW RATES HIT MILLS ON COAST

### U. S. RAILWAYS REDUCE CHARGES FROM MONTANA

Lumbermen Declare Schedules Will Result in Loss of Trade.

(Times Leased Wire.) Seattle, Wash., July 22.—Sweeping reductions in the rates on forest products from points in Montana to the consuming markets in North and South Dakota, Washington, Minnesota, Nebraska and other middle western states, with corresponding reductions on rates to points in the middle west to which the Chicago, Milwaukee & Puget Sound road cut the rates on lumber and shingles.

Lumbermen declared to-day that the new schedules will be disastrous to coast mills, and are likely to result in the loss of more trade than the efforts of the transcontinental lines to advance the rates from coast points two years ago, which, after much litigation the lumbermen were able to head off in a large measure.

## FOUR KILLED. Carriage Run Down on Crossing by Freight Train.

Columbus, Miss., July 22.—Two women and two children were killed to-day when a freight train ran down a carriage in which they were riding. The dead are: Miss Ida Holloway, Mrs. Anna Myers, two children of Mrs. Myers, Miss Holloway and Mrs. Myers' sister.

## RAILWAY DEPOT ROBBED. HOLDUP, WASH., JULY 22.—The Northern Pacific depot at Montesano, 15 miles east of here, was robbed of several hundred dollars between 8 and 9 o'clock last evening.

## FIRE AT PENITENTIARY AT NEW WESTMINSTER

Paint and Turning Shops Destroyed—Incendiarism Suspected.

(Times Leased Wire.) Vancouver, B. C., July 22.—A serious fire broke out about midnight last night in the penitentiary at New Westminster, destroying completely the paint and turning shops. There was only a gentle breeze, not sufficient to fan the flames, so that the Royal City's fire brigade easily confined the outbreak to the building destroyed. The main part of the institution was never in danger, although the 233 convicts incarcerated therein seized the opportunity to make the night hideous with their clamorings, conjuring their jailors not to leave them a prey to the flames, and beseeching liberty from all and sundry.

The cause of the fire is not known, but incendiarism is suspected. The building destroyed was a two-story one of brick, and was erected a year ago in place of one which had been in use for thirty years. The value is estimated at \$20,000, including the stock and furnishings.

## CANADIANS MAKE FINE RECORD

### FIFTEEN IN SECOND STAGE OF THE KING'S

Richardson Among Shots Who Score Possibles in St. George's Contest.

(Special to the Times.) Bisley, July 22.—The five Canadians who were tied with 25 others at an aggregate of 95 in the first stage of the King's prize, shot off to-day to see who should enter the second stage, and four of them—Sergeant Blackburn, of Winnipeg; Sergeant Smith, of Ottawa; Private Gougeon, of Winnipeg; and Sergeant Kelly, of Toronto—succeeded in getting placed, the only unsuccessful one being Sergeant Bayles, of Toronto, unattached. As eleven of the Canadian marksmen originally qualified, there are now no less than fifteen Canadians in the second stage of the King's, which is a record in itself and is remarkable from the percentage point of view, seeing that only twenty-four Canadians in all shot in the first stage.

The consistent good shooting of the Canadian contingent was well maintained to-day in the first part of the stage of the St. George's single entry competition for a challenge vase and prizes totaling nine hundred pounds. The first stage, shot off to-day, consists of seven shots each at 50 and 500 yards, while the final stage is shot off on Saturday, the closing day of the meeting, being fifteen shots at 500 yards, open to the hundred competitors taking highest places in the first stage. In the first part of the stage, four of the Canadians made possible: Lieut. Morris, of Bownville; Sergeant Richardson, of Victoria; Lieut. Smith, of Chatham, and Lieut. Mortimer, of Ottawa—the latter being unattached and representing the Ross Rifle factory.

The other members of the contingent fell, but one short of a possible, the complete scores being as follows: 500 yards, first stage of St. George's: Corporal Copping, Montreal, 34; Sergeant Major Creighton, Toronto, 32; Capt. Forrest, Vancouver, 32; Col. Sergeant Freeman, Hamilton, 34; Private Gougeon, Winnipeg, 32; Sergeant Major Higgins, Hamilton, 34; Sergeant Kelly, Toronto, 32; Sergeant Kerr, Toronto, 33; Corporal McGlenn, Edmonton, 32; Capt. McVittie, Toronto, 32; Sergeant Maraden, Winnipeg, 34; Sergeant Mitchell, Hamilton, 33; Lieut. Morris, Bownville, 35; Sergeant Richardson, Victoria, 35; Sergeant Russell, Ottawa, 31; Lieut. Smith, Chatham, 35; Sergeant Smith, Ottawa, 32; Corporal W. D. Sprinks, Toronto, 31; Sergeant Stack, Truro, 32; Sergeant Blackburn, Winnipeg, 32; Staff-Sergeant Bayles, Toronto, 32; Lieut. Mortimer, Ottawa, 35; Major Brown, Toronto, 32; Corporal Albert Sprinks, Toronto, 32.

Highlander Wins Shoot Off. Canada, however, had to finally take second place in the first part of the King's, for in the shoot off to-day Private McCue, of the Seventh Argyll Highlanders, scored 34 of the 34 of Corporal Albert Sprinks, of Toronto, both having been tied at 162.

Regarding the progress of the meeting as a whole to date, the Canadian record is very remarkable, for out of sixteen competitions in which the Canadians have competed, the Mother Country has won eight; Canada seven and Australia one.

## MORE SUFFRAGETTES RELEASED FROM JAIL

Hardly Able to Walk as the Result of Refusal to Eat in Prison.

(Times Leased Wire.) London, July 22.—Emaciated, and hardly able to walk as the result of their refusal to eat while in prison, six suffragettes were released to-day. Six were released yesterday and but two remain in jail.

The women were incarcerated for participation in a riot at the House of Commons recently. When they entered the prison they announced that they would refuse to eat, and remained true to their promise.

Before their strength was gone, the women caused a great deal of trouble by breaking windows and various other forms of unruly conduct.

When they were released to-day the suffragettes announced that they had discovered many irregularities in the conduct of the prison, and would make an exposé which would cause a nationwide scandal.

## SPANISH WORKMEN STRIKE.

Madrid, July 22.—Twenty-five hundred workmen employed by Vickers, Sons & Maxim on battleship construction here went on strike yesterday as a protest against a reduction in wages. It is feared the strike will extend.

COPAS & YOUNG

Telephone 133

Fort Street

Last night at the Soldiers' and Sailors' Home, Esquimalt road, Mr. N. Shakespeare organized an adult Bible class on the new lines laid down by the International Sunday School Association, about a dozen charter members being enrolled. In compliment to the organizer, who is always a welcome visitor at the home, the class was named "The Shakespeare Adult Bible Class." Esquimalt. The officers were chosen by ballot, and as follows: President, J. E. McAdam; teacher,

Sergt. Major F. Wright, C.R.E.; secretary, T. Watling; treasurer, Mrs. Whittier; assistant secretary, Mrs. Parkinson. By special resolution Mr. Shakespeare was made honorary president. The following committees were also appointed: Membership, Mrs. Boydson, Miss Rowe and T. Watling; social, Mrs. Bailey and Mrs. Parkinson; devotional, Mr. McAdam and Mr. Wright. The charter will be kept open for two Sundays, by which time it is expected many names will be secured.

## Splendid Building Lots

TWO FULL SIZED LOTS, 60x120 ft. each; just outside the 1/4 mile radius; close to two car lines; all conveniences; cement sidewalk and boulevard on street; in good residential neighborhood. There are two old houses on the property which could be disposed of as the purchaser saw fit; both lots and houses are offered for quick sale at the low figure of

\$2,150—TERMS.

Pemberton AND SON  
614 FORT STREET

## MOTHER OF OFFICER CREATES SENSATION

Receives Letter Which She Says Proves Son Did Not Contemplate Suicide.

(Times Leased Wire.) Annapolis, Md., July 22.—Declaring that she has discovered that her son had an appointment to meet a young woman seven hours after the time he died, Mrs. Sutton sprang a sensation prior to the opening of to-day's session of the inquiry into the death of Lieut. James N. Sutton, of Oregon.

"I have received a letter from Miss Stewart," said Mrs. Sutton, "in which she says that she had an appointment with my son seven hours later than the time he was shot. I consider this proof that he did not contemplate committing suicide."

"Miss Stewart and my son had planned to attend the services at the Catholic church on Sunday morning."

It is reported here to-day that former Lieut. Edward P. Roelker, who is wanted as a witness at the hearing, has been located at Kittanning, Pa. Secret service men are supposed to have gone there to get him.

## SUDDEN DEATH OF VISITOR TO CITY

Allan Hughes, of Madara, Manitoba, Died in Hospital Here.

Allan Hughes, a prominent merchant of Madara, Man., died early this morning at the Royal Jubilee hospital. His death is a peculiarly sad one as he came to the Pacific coast on a holiday trip with his wife and daughter. He was spending a few days in Victoria when he was taken suddenly ill. He was removed to the hospital, when it was found necessary to operate upon him for appendicitis.

The operation was unsuccessful, death following this morning. The remains have been removed to the Hanna parlors, where they will be embalmed and sent to his home.

## WITH METER NOT ANY LIMIT TO SPRINKLING

Citizens Who Have Been Fined Improperly Are Getting Money Back.

The other day a well known citizen was called upon to pay \$1 to the water department for watering his lawn during hours when that very necessary work is prohibited. He took the view that as he had to pay for the water, it being metered, he had a right to use it how he pleased and water his lawn when he pleased.

The restriction as to hours was put in the by-law when consumers were paying a flat rate for their water supply, and the object was, of course, to prevent wasteful use of the non-renewable water. But now that there is an ample supply, according to the authorities, and this is being paid for by meter, the prohibition has been removed so far as metered premises are concerned.

The citizen in question knew how the present by-law reads and he pointed out that he was quite within his rights. Water officials would not listen to this, claiming that the exception of metered premises was not supposed to be there. They told the citizen he must either pay his dollar or have his supply cut off entirely. He paid under protest and went to see the mayor, with the result that he got his "fine" refunded.

Now several other citizens propose to get back the dollars which the city treasury has received from them. Illegally exacted as it turns out. And lawn watering can be done at any hour where there is a meter registering up the consumption.

The funeral of the late John Greenwall took place this afternoon from the Hanna undertaking parlors.

The remains of William B. Brown were interred at Ross Bay cemetery yesterday afternoon. The following acted as pallbearers: D. McCullum, R. Borthwick, R. Rowman and J. Wilson.

## NEW PREMIER OF FRANCE CHOSEN

M. BRIAND SUCCESSOR TO M. CLEMENCEAU

Cabinet Will Include a Number of Former Ministers.

(Times Leased Wire.) Paris, July 22.—M. Aristide Briand, a Socialist deputy, was appointed premier to-day by President Fallieres.

M. Briand announced this afternoon that he would make few, if any, changes in the cabinet as organized by Premier Clemenceau. Who resigned two days ago after being defeated after a heated argument with M. Delcasse in the chambers of deputies.

Former Premier Clemenceau announced to-day that he would start next Saturday for Carlsbad, Austria.

## PROPERTY LOSS WILL BE HEAVY

Another Hurricane Sweeps from the Gulf of Mexico.

(Times Leased Wire.) Houston, Texas, July 22.—Towns throughout Southeastern Texas and along the Gulf of Mexico have suffered severely from two hurricanes in the past twenty-four hours, and a third terrible storm is sweeping over the country this afternoon. Bay City, 30 miles southwest of Galveston and 30 miles from the coast, was partially demolished by the third storm, and three men are known to be dead there.

Scores of cities and towns have been heavily damaged by the series of storms. Some places have been wiped off the map, in others the property loss will amount to hundreds of thousands of dollars, and it is feared that when more detailed accounts are received a heavy death list will be added to the toll of the elements.

The yacht reported wrecked near Galveston arrived in port this afternoon, undamaged. All on board were safe and well.

Several convicts were killed to-day when the storm struck the state sugar farm near Brazoria. A mill valued at \$250,000 was demolished by the hurricane. The number of deaths there is not known.

The English business section of Bay City was destroyed and Wharton, New Philadelphia and Glidden were seriously damaged. Houston business men this noon raised \$200,000 for the immediate relief of the suffering communities.

Towns Reported Destroyed. San Antonio, Texas, July 22.—Every building in Random, Texas, was demolished by the storm last night. Several persons were injured, some possibly fatally, but no deaths have been reported. East Bernard was also destroyed. No fatalities are reported there. Heavy damage is reported to have been done at Eagle Lake.

The rice crop suffered from the storm, the damage being estimated at more than \$100,000. Reports from Eagle Lake say that a Southern Pacific passenger train was hit by flying wreckage and a number of passengers hurt near there.

Swept by Storms. New Orleans, July 22.—Little damage was done along the Mississippi and Louisiana coasts by the two storms which swept the country. Some property was destroyed, but no loss of life is reported.

## BIBLE STUDENTS MEET.

Seattle, Wash., July 22.—The National Bible Students' Convention opened to-day with an attendance of over 1,000 persons, representing 25 states of the union. J. A. Acherson, the temporary chairman, delivered the address of welcome in behalf of the Seattle delegation. Chas. Russell, the pastor of the Brooklyn Tabernacle, responded. Judge Rutherford, of Jeffersonville, Mo., was elected chairman.

## PROF. HOWISON ILL.

Montreal, July 22.—Prof. Geo. H. Howison, for many years head of the department of philosophy at the University of California, and author of several widely known treatises on philosophy and psychology, is dangerously ill in this city and is under the care of physicians of McGill University. Prof. Howison stopped here on his way to attend the international conference of educators at Leipzig.

## SUSPECTED BURGLAR SHOT.

Los Angeles, Cal., July 22.—After being shot twice and eluding scores of pursuers nearly all night, Leon Goodman, a negro, is in the city prison to-day, held on suspicion of attempting a burglary.

## TROOPS FOR STRIKE REGION.

Milwaukee, Wis., July 22.—Troop "A," First Cavalry, was ordered to-day, to prepare to go to Kenosha, where employees of a tannery are on strike.

## BRIDGE WAS INTENDED FOR GENERAL TRAFFIC

This Was Specified in Applying for Leave to Cross the Harbor.

It is believed that the city's claim that the E. & N. railway bridge was always considered a general traffic bridge will be greatly strengthened by the news which has just been received from Ottawa.

A request was sent to have the record of the chief engineer of the public works department of the time when the bridge was opened looked up. The papers dealing with the application, which was made a quarter of a century ago for permission to construct a bridge across navigable waters, have been examined. A reply received from that official states that the application specifies that the bridge was intended for railway and general traffic purposes. Copies of the papers are being sent out and will be made use of in presenting the city's case to the company, and if need be, to the railway commission.

## AT THE WILLOWS.

First race—Six furlongs; three year olds and up.

1. Incensive.  
2. Lord Rossington.  
3. Col. Bronston.  
Time, 1:16 3-5.

Second race, six furlongs, 3-year-olds and up.

1. Be Brief.  
2. Lady's Beauty.  
3. Mr. Bishop.  
Time, 1:17 2-5.

Julian Hall, who lives near Esquimalt, was taken to the hospital early this morning as a result of wounds inflicted by a revolver which he was carrying. He is making satisfactory progress and will recover.

The funeral of the late George P. Giles will take place from the Hanna parlors Saturday afternoon at 2:30. The services will be conducted by the Sons of England and the Independent Order of Odd Fellows, deceased being a member of both organizations.

## POLICE AND GYPSIES FIGHT.

Foreigners Object to Being Deported From New York.

New York, July 22.—Desperately resisting the squad of police detailed to place them aboard the steamer Verdi, on which they are to be deported, 24 gypsies to-day created a riot in the streets of Brooklyn.

Though the men of the party were supplied plentifully with money, the authorities passed judgment that they were non-producers and decreed that they be returned to Buenos Ayres on the Verdi, which sails to-night. The fight was renewed when the party was placed aboard a tug to be transferred to the waiting steamer. The gypsies seized babies from the arms of their women, and using them as shields or clubs, tried to drive back the officers and take possession of the tug.

The officers were compelled to draw their clubs, and many of the frenzied foreigners were beaten into insensibility.

## TOO LATE TO CLASSIFY.

A flavoring used the same as lemon or vanilla. By dissolving granulated sugar in water and adding Mapleine, a delicious syrup is made and a syrup better than maple. Mapleine is sold by grocers. If not send 50c for 2 oz. bottle and recipe book. Crescent Mfg. Co., Seattle, Wa.

## BANQUET GIVEN TO MINISTERS

VANCOUVER LIBERALS.  
ENTERTAIN GUESTS

Members of Federal Cabinet  
Speak at Gathering in  
Terminal City.

The banquet given on Tuesday evening by the Liberal party in Vancouver to the federal ministers now on the coast, was a brilliant affair. It was held in the Hotel Vancouver.

J. M. Senkler, K.C., was toastmaster, while twelve guests of honor sat at the table. On the chairman's right were Hon. W. Pugsley, Hon. W. Templeman, Senator Bostock, Mayor Douglas, John Hendry and George E. McCrossman. On his left were Hon. Chas. E. Murphy, Ralph Smith, M.P., J. A. Macdonald, M.P.P., R. Marpole, F. R. Glover, R. M. Alexander and W. G. Dick of North Vancouver.

There were three toasts given besides that of "The King." These were "Our Guests," responded to by Hon. Mr. Pugsley and Hon. Mr. Murphy; "The Dominion Government," responded to by Hon. Mr. Templeman and Mr. Smith, and "British Columbia," to which Mr. Macdonald spoke.

Hon. Mr. Pugsley, in the course of his speech, said: When we go back and tell our colleagues of the wonderful possibilities of this western land, the remarkable industry and energy of its people, our representations, I am sure, will meet with a sympathetic response from the prime minister and his cabinet. We shall tell them, you may be sure, of your wants and desires.

In the past the needs of British Columbia have not been properly understood. It was not until about 1890 that Western Canada as a whole awoke to its magnificent possibilities. And then the outside world awoke too, and thousands began to pour in to your Middle and Far West.

"The minister of public works must from time to time come to council for appropriations, asking for perhaps several hundred millions more than the other cabinet ministers may think necessary. Last year I asked for fifteen million dollars for public works. My colleagues said: 'Our revenues are declining, we are going behind a million a month from last year,' and I had to cut off some seven millions. I am glad that the Liberal members of the country agreed so graciously to the reduction, for we were charged by our opponents with pre-election promises of public works which we never intended to carry out. I can say that the Liberal party never makes such a promise.

"These works were not abandoned—but postponed. I said they would be restored, and that pledge will be carried out to the very letter. We had a hard time last year owing to the decline of the revenues, but notwithstanding the depression of 1908, the revenues were double what they were when the Liberals came into power, even though the public taxes were so greatly reduced. What a story that tells of the progress of the country."

Hon. Mr. Murphy, alluding to his portfolio, said:

**ASPHYXIATED AT  
BOTTOM OF WELL**

Youth at Mouth Powerless to  
Assist Victim Below  
Him.

Seattle, Wash., July 22.—While Tom Graney stood at the mouth of a well shaft dangling a rope to his partner below, powerless to help him, Frank Blasler, aged 19 years, was asphyxiated at the bottom of the well.

"Throw down the rope quick," called up Blasler to his companion.

He was too weak to grasp the rope when it was lowered to him and died from inhaling the carbonic acid gas in the well before he could be rescued. Blasler and Graney were engaged in boring a well near Nineteenth street and California avenue, West Seattle. The shaft had been sunk 42 feet and the men were going still deeper. The auger with which the boring was being done, became tangled with some substance, and Blasler, who was very agile, slid down the iron rod that leads from the mouth of the shaft to the bottom of the 42-foot cut. Blasler neglected to take a rope with him.

As soon as he reached the foot of the shaft he detected the gas and called for the rope. He was too weak to grasp it, however, when it reached him. Graney, at the mouth of the shaft, could do nothing alone, so ran for assistance. The unconscious man was taken from the foot of the well shaft, but he breathed his last despite all efforts on the part of volunteers to set up artificial respiration.

ONTARIO FIFTY YEARS HENCE.

Sir J. P. Whitney casts the commercial horoscope of Ontario fifty years hence, by turning backward to the Ontario of 1859, when the population of the province was only about a million and a quarter. He believes that the resources of the province will insure it first place in the Dominion for many years to come. This is the fourth of the important series of articles on the future of the Dominion. It is published in the July 24th issue of Collier's.

OFFICERS ELECTED.

Boston, July 22.—The National Shoe Leather Finders' Association yesterday elected Charles L. Maestri of Portland, Ore., vice-president of the organization. Sam Burchell of San Francisco, was elected a member of the executive committee.

## LUCKY MR. BROWN.

If it had not been for "Fruit-a-tives," Mr. Lemuel Brown, of Avondale, N. B., would still be living on stale bread and porridge, and suffering tortures with indigestion.

His stomach was so weak that he had to give up all kinds of meats, potatoes and other vegetables, and even deny himself the comforts of a cup of tea. Fortunately, Mr. Brown read about "Fruit-a-tives," bought a box and was so much improved by taking the tablets, that he used four boxes altogether. "I have been a great sufferer from indigestion for fifteen years. About two years ago, I read about Fruit-a-tives and concluded to give them a trial. I used nearly four boxes of 'Fruit-a-tives' and they have made kinds of hearty foods and enjoy tea and coffee." This is not a rare case, but the regular experience of everyone who uses "Fruit-a-tives" for Weak Stomach, Indigestion and Dyspepsia. Try them, 50c a box, 6 for \$2.50, or trial box, 25c. At dealers or from Fruit-a-tives Limited, Ottawa.

## COAL COMPANY

REPORTS PROGRESS

Glacé Bay Strikers Also Confident—Expect Aid From United States.

Glacé Bay, N. S., July 22.—Perfect order prevails in the strike districts, arrests being below the normal, and no drunken men are to be seen. Tuesday's output was 9,111 tons from collieries and banks. Yesterday morning 2,000 tons were mined at No. 2 colliery. The company reports substantial progress at Nos. 3 and 4, strongholds of the strikers.

On the other hand the miners still profess confidence, and say the strikers will have strong financial backing from the United States.

Reserve mine is regarded as the pivot point in the fight, and changes there are closely noted. Tuesday 20 men were brought into the mine and remained. Several U. M. W. men went back to work yesterday, and the output of coal has increased there. More men are being brought in. Some U. M. W. men are said to have gone down at No. 2.

A couple of disagreeable incidents that were reported were the stoning of houses at Caledonia and an attack on an old man near No. 1. Both outrages are attributed to strikers, and a good deal of feeling has been aroused.

## JAPANESE BUILDING AT EXPOSITION DEDICATED

Five Thousand Guests Attend  
Reception at Close of  
Ceremony.

Seattle, Wash., July 22.—At one of the most beautiful and elaborate ceremonies since the Alaska-Yukon-Pacific exposition opened, the Japanese building on the fair grounds was dedicated yesterday afternoon, Hajime Ota, imperial commissioner, presiding, and a dozen prominent Americans and Japanese making speeches. Following the dedication, the beautifully decorated building was the scene of a mammoth reception to invited guests, some 5,000 persons attending. Presents were made to each guest, being drawn by lot. They varied from neat little souvenirs to handsome articles of Japanese art and craftsmanship.

At the dedication ceremonies President Chiberg and Director-General Nadeau spoke on behalf of the exposition, Mr. Ota, Consul Tanaka and commissioner Takesawa for Japan.

Last evening 100 invited guests of Mr. Ota enjoyed a banquet at the New York State building, at which Josiah Collins, treasurer of the exposition, presided.

## MUST STAND TRIAL FOR EMBEZZLEMENT

Man Arrested in California on  
Charge Preferred by His  
Wife.

Columbus, Ohio, July 22.—Requisition was issued yesterday for the return of John H. Mackie, recently arrested in Los Angeles on charges preferred by his wife. The papers were issued on a charge of larceny embezzlement of a cheque for \$2,000.

Former Assistant Prosecuting Attorney Meyers, who secured his requisition, said:

"During the last six years Mackie hoodwinked his grandmother, Mrs. Jane Green, his wife and his wife's mother, out of \$40,000.

"It is also alleged that Mackie secured \$5,000 from Mrs. Green by depositing in his own name a money entrusted to him to place for her in a local bank."

## TWO KILLED IN WRECK.

Crookston, Minn., July 22.—Washouts caused by a terrific electrical storm in Polk and Norman counties resulted in two wrecks, the loss of two lives and the demoralization of railway traffic.

A Northern Pacific freight train crashed into a work train at Melvin, killing two laborers.

A Great Northern passenger train bound for Duluth was derailed near Fosston. Several of the passengers were slightly injured.

Lever Brothers, Toronto, will send you free a cake of their famous Pileolol toilet soap, if you mention this paper.

## DECISION IN APPEAL BY FURNITURE DEALERS

Commerce Commission Deals  
With Complaints From  
Pacific Coast.

Washington, D. C., July 22.—The interstate commerce commission has handed down a decision in the case filed by Pacific Coast furniture merchants, favoring the merchants in the shipment of wood mantels and metal beds, but upholding the railroads in the shipment of other articles enumerated in the complaint.

The complainants are headed by W. W. Montague, of San Francisco. Seventy-two other dealers are associated with him in the case. They complained that the minimum weight charged by the railroads for carload lots of furniture was too high. Montague contended that the minimum should be made low enough so that merchants ordinarily could load that much in a car.

The roads in some instances charge for the full capacity of the car and it was asserted that in many cases it was impossible to load enough furniture in a car to make the capacity weight, for which the shipper was charged.

The contention was that the dealers were forced to pay freight on furniture which was not carried by the road.

The commission, after hearing both sides, decided to reduce the minimum rate for a carload of wood mantels from

## WE CARRY IN STOCK A COMPLETE LINE OF LOGGING SUPPLIES

Complete line of Blocks, Chokers, Hooks, etc.  
Timber Carriers, Pickaroons, Pike Poles, Boat Calks, Dog Steel, etc.

**E. G. Prior & Co., Ltd. Ltd.**  
VICTORIA, B. C.

16,000 to 14,000 pounds and to lower the minimum on metal beds from 30,000 to 24,000 pounds. The commission held that the present minimum is reasonable in the shipment of bath tubs, tables, new furniture, bedroom sets, beds, mattresses and bed springs.

## DEATH OF DR. MCINTYRE.

Edmonton, Alta., July 22.—A feeling of gloom pervades Strathcona and extends to Edmonton as a result of the death of Dr. Wilbert McIntyre, federal representative of the Strathcona constituency, which took place at 4:30 yesterday morning. A week ago he was taken ill and gradually lost strength

as a result of acute kidney disease till the end came at daybreak yesterday morning. Tuesday evening an operation was decided upon as a last resort, and he was removed to the Strathcona hospital, where skilled physicians did everything possible, but without avail.

## UNFIT TO LIVE—MUST DIE

The verdict rendered a thousand times when corns get sore. Do them to death by Putnam's Corn Extractor. It cures painlessly in twenty-four hours. Use "Putnam's," the only vegetable remedy known.

The making of chinaware is the oldest of all industries.

## TIMES AD. CALENDAR

JULY  
22

The next things you intend to buy at a store are probably advertised to-day.

You ought to find out about it—about whether the ad. that is to mean profit or opportunity to you is printed to-day.

of the Empire, if not of the entire world. We trust fortune will deal kindly with our men, that their nerve may not desert them under the severe strain of the strenuous competition, and that one of them will crown the achievements of the whole team by making the highest score in the chief event of the meeting. But, whatever their future fortunes may be, our rifle-men will have no reason to be ashamed of their achievements.

## AMERICAN AND CANADIAN FISHERIES.

The Seattle Post-Intelligencer advises Canada to go slowly in insisting upon her rights in connection with the halibut fisheries of the Pacific Coast. Our contemporary concedes that we may establish our case for a literal reading of the treaty of 1818 which places us under no obligation to sell bait to foreign halibut fishermen, but contends that such a reading would be out of harmony with the spirit of the relations which have so long obtained between the people of this country and their neighbors south of the line as a result of the controversies of 1815 and 1818. In the treaty of 1818, as the Post-Intelligencer reads it, there is no specific stipulation with respect to the matter of bait; but it was provided that American vessels should be allowed to enter Canadian waters "for the purpose of shelter and of repairing damages," and for the further purposes "of purchasing wood and of obtaining water," and while the phrase "and for no other purposes whatever" is added, the obvious purpose of the agreement was to make it possible at least for Americans to enjoy equal fishing rights in marginal waters. Should Canada adhere to the recently announced policy of refusing to supply American halibut fishermen with bait, it will be fairly regarded as an effort to make it impossible for Americans to enjoy rights vouchsafed them in the treaty of 1818.

"Such a policy will do Canada no good," continues our Seattle contemporary. "It will simply impose a temporary hardship upon American fishermen. It will force the Americans to procure bait elsewhere, and will at the same time develop a sentiment which may be hurtful to the good accord now subsisting between the two governments and peoples. Canada should make haste slowly in this matter. In spirit and otherwise Canada is too close to this country to be either mean or narrow in its policies."

The treaty or threat contained in this last paragraph is undoubtedly most interesting and refreshing emanating from a newspaper speaking in the name of a country which can hardly be said to have been broad, liberal and generous in its general relations with Canada. If the Post-Intelligencer can give one instance in which treaties between Great Britain and the United States affecting Canadian interests have been construed other than literally it would be illuminating to have the case cited.

PLUNKIES AND THE CHURCH.

This is the "Farthest West," the ultimate abiding-place of the democracy, yet even here "Jeames Yellowplush" is to be found, if possible more obnoxious and offensive than in his natural environment. Of a highly respected and honored pastor in a prominent religious denomination whose retirement from active pastoral duties has just been announced, Jeames says "his birth and training prevented him from being a man of the people, and placed him to some extent out of touch with democratic ideas." This is said of one who is supposed to be a representative on earth of the Carpenter of Galilee, the Man who upon occasion "knew not where to lay his head." It is said of a religious teacher and disciple who received his holy orders and authority direct from a company of mere fishermen and from one whose trade was that of a tent-maker. If the founder of Christianity and the men he selected to perpetuate the faith and to preach the gospel to all the world had been by birth and training out of sympathy with the "common people" and out of touch with democratic ideas, the message delivered to the fathers would hardly have become a message to all the world, and been glorified to the extent it has been. Is it any wonder after reading such apocryphic rot that the inclination of the great body of the people is to hold in derision the "parson" and the cause he is supposed to represent? Is it a matter to be marvelled at that the tendency amongst the masses of the people who are not in society or of it is to shun the services of the churches? Need one be surprised if the question is asked, what will the disembodied spirits who are not of the people do when they reach the land where everything is of the people, where there are neither masses nor classes? They will surely never condescend to associate with, not to say take second place to, mere carpenters, tent-makers and fishermen. Will they prefer the select circles of the other place?

This is the electrical age. The Scientific American says one of the large new steamers of the Orient Navigation Company, plying between Great Britain and Australia, has been provided with a model electric laundry, even including an electric laundry. The wash is first boiled in a tank, where the water is kept at boiling point by means of steam pipes; thence it is carried to a pair of washing machines driven by an electric motor. The clothing is dried by means of a hydro-extractor driven at 600 revolutions per minute by a 2-horse-power motor. There is a Deconston machine driven by an electric motor, which is provided with a safety device to prevent the operator's fingers from being caught under the rollers. If the fingers come too near the roller, the motor which drives the machine is automatically stopped. The laundry is equipped with an electrically-driven ironing machine and with several electric irons.

The Colonist very properly calls for particulars in regard to the cost of going to Sooke Lake for a water supply and the relative advantages from every point of view of Sooke and Goldstream. The ratepayers of the city are entitled to this information and the advocates of Sooke in preference to Goldstream ought to furnish it. This data we shall doubtless have when the by-law for the expropriation of the works of the Esquimalt Company is formally before the people. The Times has neither preference nor prejudice in the matter. It will advocate any scheme which promises to give the best and most abundant supply of water at the least cost. In computing this cost, however, the revenue which may be derived from each of the possible sources of supply must be taken into consideration.

Dr. Osler has given currency to a new idea, much more practical than the old one about throwing every person who has attained the age of sixty years into a lethal chamber. You see the eminent Canadian has reached his allotted span, and circumstances alter cases. The good doctor, then, states that the question of preserving the teeth is more important than the liquor question. No doubt much dyspepsia is due to decayed and defective teeth, which preclude complete mastication of the food (even if anybody in America had the time to eat properly). Dentists, like doctors, are now beginning to realize that their true mission is not "a general rebuilding system," but a systematic and well-considered effort to prevent and overcome the decay and loosening of human teeth.

DOCTORS IN SESSION.

Member of Pacific Northwest Association Spend Busy Day.

Seattle, Wash., July 22.—The members of the Pacific Northwest Medical Association, in convention here, were kept busy to-day. The general session, under the auspices of the Washington Association for the Prevention and Relief of Tuberculosis, convened at 2:30 o'clock this afternoon in the assembly hall. The addresses were delivered by men most prominent in the work in the northwest. Dr. E. E. Kelly, of Seattle, gave a series of stereoscopic views, illustrating some features of the tuberculosis campaign. The other speakers were E. E. Heg, of Seattle; A. L. Mills, of Portland; J. B. Herrick, of Chicago, and E. A. Pierce, of Portland.

The section of surgery met from 2:30 to 1:30, at which surgeons discussed several intricate surgical problems. While this was going on the medical section was holding a general discussion on the "state of the insane" and on "the use and effects of alcohol." The other two sections also met at this time.

To-night at 8 o'clock there will be a

in order to facilitate research I would suggest an examination of the file kept in the Times office, where straight facts are duly recorded on this subject. All of which I endorse without reservation.

BELLA.

A CORRECTION.

To the Editor:—In my letter of yesterday's issue I am made to say: "Joe Meyer may not have preached disloyalty." What I did say was: "Joe may or may not have preached disloyalty," referring to Chief Capilano. Will you kindly oblige by making the correction?

W. B. ANDERSON.

## PROPOSED MERGER

## OF EXPRESS COMPANIES

Report That Wells-Fargo May Absorb Concerns in Mexico.

(Times Leased Wire.)

San Francisco, Cal., July 22.—The departure of Andrew Christenson, general manager of the San Francisco department of the Wells Fargo Express Company, for the city of Mexico, has led to-day to the circulation of a report that E. H. Harriman has arranged a merger of the express business of the Mexican republic with the companies he controls in this country.

According to the report here Christenson will be met at the City of Mexico by C. W. Stockton, of New York, general attorney for the Wells-Fargo Company, and Dudley Evans, president of the company, will go there a few days later.

Three big companies, the Mexican Express, National Express and Inter-Oceanic Express and a number of smaller concerns are to be absorbed by the Wells-Fargo if the report here is true. The deal will run high into the millions of dollars.

It is understood that President Diaz has reached an understanding with the American railroad magnate whereby a certain percentage of the income of the combined companies will be paid into the treasury of the Mexican government.

Under the new arrangement Harriman will control the express business of over 10,000 miles of railroads in Mexico. This will give him the express privilege over about 60,000 miles of railroad, 1,252 miles of stage lines, 1,300 miles of inland steamship lines and 14,000 miles of ocean steamship lines.

What Other People Think

THAT JEWELLERY INCIDENT.

To the Editor:—The Colonist is again facetious in another "misleader," stating "the lady (not person) with many grandmothers agrees with the Colonist that the gift of jewelry was in shocking bad taste." As the conclusion of a woman's letter is always supposed to contain the "pith," I beg to call attention to the last paragraph of my letter, where I only admit that "something black" may have been discovered, but certainly not an entire rookery, such as Colonist & Co. seem so anxious to import, sans authority, sans detail, sans anything that would place the unsavory story beyond any suspicion of falsehood or misrepresentation.

As a last resource your contemporary throws the harmless Partisan dart that "critics of newspapers would be wise if they would get their facts straight in the first instance."

Now, as to the second last paragraph, relative to a "contrite spirit," the Colonist might mention in the next editorial on the subject if I have got my facts straight on that particular subject. And

general session to discuss public health and sanitation, under the auspices of the Pacific Coast Public Health Association, which will be open to the public. The speakers will be C. J. Fagan, of Victoria; S. B. Nelson, of Pullman; L. W. Hanson, of Seattle; Wilson Johnston, of Spokane, and E. E. Heg, of Seattle.

REDMEN VISIT FAIR

Members of Washington Tribes Participate in Sham Battle.

Seattle, Wash., July 22.—The celebration of lodge days at the Alaska-Yukon-Pacific exposition began to-day with Redmen's day and several members of the various tribes of the northwest, paraded the grounds this morning and held a meeting at the auditorium. This afternoon the Redmen are conducting a sham battle at the stadium. Members of the order of Pochontas are holding a reception at the women's building.

To-morrow will be A. O. U. W. day, and will be featured by competitive drills of the uniform rank in the amphitheatre at 3 o'clock. Prior to this a reception of the Degree of Honor will be held in the women's building.

Saturday will be fraternal brotherhood day at the fair, completing the list of lodges celebrating this week.

WEEKLY WEATHER REPORT.

Victoria Meteorological Office, 14th to 20th July, 1909.

**CAMERA OBSCURA.**  
Proposition Made to Install One at Beacon Hill Park.

J. P. Mann, the city solicitor, has a proposition to make, having for its object the popularizing of Beacon Hill park for visitors and others.

He proposes that a small building somewhat on the plan of an observatory be erected there. A camera obscura, which is popular in different parts of the British Isles, could be put in place. By means of this the surrounding landscape is thrown on a white table, making a most interesting panorama.

A marine telescope could be located there also, and by means of it a view of the surroundings could be obtained.

Mr. Mann says that such an outfit as he suggests could be purchased and put in place for a little over \$500. A small nominal fee could be collected from those wishing to use it and employment could thus be given to some one unfit for work but who required assistance.

## ONTARIO FIFTY YEARS HENCE.

Sir J. P. Whitney casts the commercial horoscope of Ontario fifty years hence, by turning backward to the Ontario of 1859, when the population of the province was only about a million and a quarter. He believes that the resources of the province will insure it first place in the Dominion for many years to come. This is the fourth of the important series of articles on the future of the Dominion. It is published in the July 24th issue of Collier's.

—DAYLIGHT SERVICE TO SEATTLE—A delightful trip by the S. S. Iroquois, leaving daily at 9 a. m.

—\$10,000 stock of watches, clocks, jewellery, electro-plate, cut glass, etc., to be sold by auction regardless of cost, at Felix McManus, corner Johnson and Douglas. Auctions at 3 and 7 daily, commencing on Saturday next, July 24th. Store to rent.

—The big sale at the Capital Furniture Company, 1101 Douglas street, is still booming along, bargains in every department are offered from day to day. Everything in the store has been reduced for this big July sale, and a tremendous saving is in store for all who avail themselves of this opportunity. A visit to the store is all that is required to prove that this is the best bargain feast ever offered in the city. All goods are marked in plain figures. Remember this sale only lasts a few days more. It is better to be glad now than sorry afterwards, as it will be some time before an opportunity like this presents itself again. Goods delivered to any part of the city free. Remember the address, No. 1 Douglas street, Balmoral block, the home of the bargains in furniture, crockery and house furnishings, etc., etc.

## YACHT RACE TO ALBERT HEAD

Stag Party to Hold Bonfire Confab on Saturday Evening.

On Saturday next the members of the Victoria Yacht Club are to hold a stag cruise to Albert Head. The yachts will race from a line drawn from the outer wharf to a white flag on Work Point, and the first boat to arrive at Albert Head inside the pile will take the time of the others.

The race for sailing boats is to start at 2 p. m., a preliminary gun to be fired at 2.55. The motor boat race is to start at 3.15, the preliminary gun to be fired at 3.10. In the evening a bonfire meeting will be held at which the holding of a regatta will be discussed. Members will take their own lunch baskets.

## WEATHER BULLETIN.

Daily Report Furnished by the Victoria Meteorological Department.

Victoria, July 22—5 a. m. The barometer remains about thirty inches, and fine, warm weather continues throughout the Pacific slope; also the same conditions extend eastward across the continent to Manitoba and the Middle States.

For 24 hours ending 5 p. m. Friday. Victoria and vicinity—Moderate to fresh southerly and westerly winds, fine and warm to-day and Friday.

Lower Mainland—Southerly and westerly winds, fine and warm to-day and Friday.

Reports.

Victoria—Barometer, 30.05; temperature, 55; minimum, 55; wind, 16 miles S. W.; weather, part cloudy.

New Westminster—Barometer, 30.04; temperature, 56; minimum, 56; wind, calm; weather, part cloudy.

Kamloops—Barometer, 30.03; temperature, 56; minimum, 56; wind, calm; weather, part cloudy.

San Francisco—Barometer, 29.96; temperature, 56; minimum, 56; wind, 10 miles S. W.; weather, cloudy.

Edmonton—Barometer, 30.04; temperature, 56; minimum, 56; wind, 4 miles E. W.; weather, cloudy.

Winnipeg—Barometer, 30.12; temperature, 52; minimum, 52; wind, 10 miles N. W.; weather, clear.

## SICK SKINS IN SUMMER

Summer is the hardest time for the human skin. Its delicate tiny pores, if worked under the best conditions, would have a rough time because of the heat. How when they have to work when impaired or damaged by sunburn and heat spots? No wonder one has rough patches, freckles, etc. Zam-Buk heals sick skins. When a patch of skin on face, neck, or arms is blistered by the sun, apply Zam-Buk at once. It will cool and soothe beautifully, and new skin will be quickly formed. When you are footsore, or have some chafed places, Zam-Buk will give you ease. When the mosquitoes raise lumps on you, Zam-Buk will stop that terrible itching and smarting. Keep Zam-Buk handy, use it freely, and this will be the happiest summer you have ever spent, viewed from the skin health standpoint. All druggists and stores.

In Germany, if a doctor is wanted suddenly in the night, one goes to the nearest emergency station and fetches one of the several doctors who are always doing their turn of night duty.

## COOK STREET OWNERS TURN DOWN BY-LAW

They Will Have None of a Tar Macadam Surfacing for Their Street.

The Cook street paving tangle has got another kink in it, and it looks as if the end would be that the street will be laid with plain macadam, and that the residents will have all the dust they have been trying to avoid by urging the laying of a dustless road surface.

Macadamizing was decided upon over a year ago, and the work begun. Then the owners thought they would like a bit of asphalt pavement, but the city solicitor advised the council that the work having commenced the original by-law could not be altered. An influential deputation of owners on that important and much-used thoroughfare waited upon the streets committee and asked that some dust-proof pavement be laid. They waived any choice in the matter so long as it would put an end to the dust nuisance.

The council then put through a supplementary by-law for a tar-macadam surfacing of the street and this has been lying in the assessor's office for the prescribed time. A majority of owners have petitioned against the work, so that the plan of a tar-macadam roadway which is being laid is thus knocked on the head. What will happen next is matter for conjecture.

It is likely that a deputation of property-owners will wait on the streets committee to-morrow evening to enter an emphatic protest against being put off with anything short of a modern road material other than tar macadam. The committee, having decided some time ago to rid itself of paving worries by shifting the responsibility for choice of materials to the city engineer's shoulders, is not unlikely to decline to deal with the matter.

## ELECTRIC WIRING INSPECTION IS GOOD

But the By-Law is Antiquated in Parts and Will Have to Be Amended.

After going into the facts, the electric light committee last night decided that the complaints made against James A. Daly, inspector of electric wiring, were not well founded, and that his work had been in the interests of the city. The complaints were made by John E. Peacock, who alleged that Mr. Daly had caused him to lose work by "knocking" him, and that the inspector did not make adequate tests of wiring before giving certificates. Another complainant, J. Angus, who put in his kick through his solicitor, J. A. Aikman, was not present, although he had been notified of the meeting.

It does not follow, however, that the complaints had not some foundation, but not as regards Mr. Daly's work. The trouble appears to be that the electric wiring by-law is behind the times, like some other by-laws, and the committee decided to recommend several alterations, which will be considered and reported upon to council by City Engineer Hutchinson. If adopted, the inspector will be paid a salary instead of by fees, and instead of the certificate being issued by him a permit will have to be obtained at the city hall before wiring is installed, and a fee paid, graduated according to the number of lights. The inspector will not only inspect new wiring, but will have authority to inspect the wiring in public places whenever he deems it advisable, so as to make sure that no changes are made after the initial installation.

Daly told the committee that he had no trouble with the regular firms and individuals in the electrical supply and installation business, but it was with "floaters" that trouble arose. Men who came here for a short time and moved on to another city, doing a few jobs, did not take proper care to do their work well, the money being all they cared for, and with this class the greatest care had to be taken. He frequently had to order improvements made before he could pass the work, and this, of course, aroused the wrath of contractors who were held back.

## MUST KEEP WINDOWS AND PASSAGES CLEAR

Regulations as to Free Access to Buildings Will Be Enforced.

The regulations contained in the fire by-law and insisted on by underwriters as to the keeping clear of windows and passages in warehouses have rather fallen into desuetude through carelessness more than anything else. Fire Chief Davis has pointed this out to merchants, and they will comply with the requirements, in order to give access to the interior by way of the windows in case of fire no goods must be stored in the passages from the windows through the various floors. So as to give ready access to cellars, where many warehouse fires originate, a suggestion of the chief's will be adopted and openings about eight inches across placed in the flooring of the ground floors. These will be filled with brass covers and kept clear, allowing of the dropping down of a hose and the flooding of the cellar by means of the revolving nozzles which have just been purchased.

## MOTORING DISTANCES.

The following shows the distances from Victoria of different points on Vancouver Island:

	Miles.
Alberni	118
Colwood	13
Cowichan	38
Cremains	52
Duncan	40
Goldstream	11
Ladysmith	59
Nanaimo	23

## HAVE YOU TRIED ICED

# "SALADA"

DIRECTIONS FOR MAKING ICED TEA:

Warm the teapot. Put in a heaping teaspoonful of "SALADA" Tea for every two cups. Pour on freshly boiled water and allow to infuse from 6 to 8 minutes. Pour the liquor off the leaves and let cool. "SALADA" Tea iced is a most delicious and refreshing beverage. A small piece of lemon will add to its flavor.

## DOESN'T DRIVE AUTO; RIDES A MOTOR CYCLE

Police Charge Falls Down, Much to Defendant's Amusement.

The first of the five charges for infringements against the automobile regulations listed this week on the police court records came up for hearing before C. J. Prior, acting police magistrate, this morning, and resulted in the discovery of a police burlesque that amused the innocent defendant, Harry Young, more than any other person in court.

The charge against Young was that he recently drove an automobile round the corner of Cook and Frederick streets without sounding an alarm. Young pleaded not guilty, and appeared convulsed with laughter while doing so. Then the cat came out of the bag with an announcement from City Prosecutor Moore to the effect that it had been discovered after bringing accused to court and making arrangements for witnesses that accused does not drive an automobile, but is the owner of a motor cycle.

The constable laying the information saw an automobile at the corner stated driving to the common danger and making no warning of its approach. In making the number for the purpose of tracing the owner or driver on the registered list of automobile licenses, the constable made a mistake and wrote down the number of Mr. Young's license. This goes to show that the police are not infallible and are just as liable to make mistakes as others. The fact that the defendant was not in the vicinity where the offence occurred was another fact that helped to demonstrate his innocence.

According to the figures compiled by the provincial police department there are 37 licenses issued. A copy of the list is in the hands of the city police, and when information are laid the list is referred to for the number corresponding to that taken by the constable laying the information.

—\$10,000 stock of watches, clocks, jewellery, electro-plate, cut glass, etc., etc., to be sold by auction regardless of cost, at Felix McManus, corner Johnson and Douglas. Auctions at 3 and 7 daily, commencing on Saturday next, July 24th. Store to rent.

## MONVINA WINS THE CAPILANO MECHANIC WAS BEST AT LONG DISTANCE

Only Two Favorites Win—McBride Gets a Holiday.

Monvina, with two former wins to her credit, yesterday stepped fourth of a second over the record time, carrying 129 pounds in a four-horse race of seven furlongs, and won the Capilano, purse of \$200 for the Humbrecht stable. The record for the distance was made Saturday by Monvina with 107 pounds, and with the added weight the speedy mare yesterday was but four-fifths slower. The entries in the feature event were French Cook, Monvina, Burielgh and Marwood. On account of being mounted by Archibald the Wheatcroft entry was made the public favorite, while Monvina went to the post half a point better. Burielgh was rated as third best, and Marwood only had a price posted against him for courtesy. The horses went under the barwood took a lead for the first three furlongs, when French Cook went to the front for half

a furlong and Monvina took it away from him, while Marwood sulked and fell badly. Burielgh figured heavily round the turn and was all the way third.

Another four-horse race, owing to the scratching of Sander, was the last on the card, and was a sixteen-mile race. Mechanic, the long shot at 3 to 1, was made ready to kill and killed the remaining three in the race at all stages. Getting away with speed the West End entry started to put lengths between, and the only horse that got near was Adena, which challenged the leader twice, but was each time left by an extra spur which Leeds called on his mount for. Rounding the last turn, Adena, Mattie Mack and Ed. Ball all crowded together after Mechanic, but the latter seemed to leave them standing, and won up the straight by a good three lengths going easily, while Ed. Ball was three lengths ahead of Adena, and the much thought of Mattie Mack last.

But two favorites got home in Lena Leach in five furlongs and Forest Rose in a mile. Prosper, in the first race, was the one big catch of the day at 12 to 1, beating Kelowna and Mike Ashelm for the place and show with Storma the favorite nowhere. Lena Leach was all to the good in five furlongs, getting to the front and making a procession of it by five lengths from David Boland and Auburndale.

Forest Rose was the best of the mile brigade, but had a hot one to beat in Novogorod, getting the decision by a short length in the last few strides. Ed. Ball was rated third in the betting and filled the position. Those who figured Lady Quality better than Father Stafford at five furlongs were mistaken, for the big three-

year-old had all the best of it, despite a couple of stumbles while on the way round. The favorite could only make third, as Bold beat her in the final drive. Father Stafford and Lena Leach both were winners over five furlongs in exactly the same time of 1:02 3/4. McBride, rider of Novogorod, was called in to the judges' box for interfering with Forest Rose and set down for one week.

The results for the day were as follows:  
 First race—Five furlongs. Selling. Three-year-olds and upward. Value to first \$150.  
 Horse and Jockey. Op. Cl.  
 Prosper, Coburn (103) 5 12  
 Kelowna, W. Powers (114) 7 6  
 Mike Ashelm, J. King (111) 10 7  
 Incentive, Vosper (103) 3 9-2  
 Anna Karolina, McEwen (109) 6 20  
 Storma, Keogh (109) 9-5 3-2  
 Louis Streuber, Archibald (107) 12 8  
 Bay Garter, D. Riley (109) 8 10  
 Time, 1:02 3/4.

Second race—Five furlongs. Selling. Three-year-olds and upward. Value to first \$150.  
 Horse and Jockey. Op. Cl.  
 Father Stafford, Coburn (104) 2 3  
 Bold, Matthews (102) 5 9  
 Lady Quality, Archibald (107) 3-2 1  
 Beaumont, D. Riley (108) 8 12  
 Dandy Fine, Vosper (104) 8 15  
 Abbey, McEwen (107) 10 10  
 Bayfield, J. King (104) 8 20  
 Time, 1:02 3/4.

Third race—Five furlongs. Selling. Three-year-olds and upward. Value to first \$150.  
 Horse and Jockey. Op. Cl.  
 Lena Leach, Kederis (101) 2 6-5  
 David Boland, Brooks (111) 3 5  
 Auburndale, Vosper (109) 3 7  
 Elba, J. King (109) 6 12  
 Margaret Randolph, Coburn 6-10 10  
 Rosalene, D. McEwen (103) 5-2 18-5  
 Escalante, McGaylin (114) 10 10  
 Time, 1:02 3/4.

Fourth race—Seven furlongs. The Capilano. Purse. All ages. Value to first \$225.  
 Horse and Jockey. Op. Cl.  
 Monvina, Brooks (129) 7-5 12-5  
 French Cook, Archibald (119) 3-5 13-10  
 Burielgh, Coburn (126) 3 2  
 Marwood, Keogh (134) 10 17  
 Time, 1:23 3/4.

Fifth race—One mile. Selling. Three-year-olds and upward. Value to first \$150.  
 Horse and Jockey. Op. Cl.  
 Forest Rose, Archibald (110) 5-2 5-2  
 Novogorod, McBride (102) 3-2 5-2  
 Sainesaw, Coburn (110) 8 13  
 Buzzell, Brooks (114) 3 2  
 Ripper, D. Riley (114) 2 7-2  
 Bye Bye II, Keogh (112) 15 13  
 Peggy O'Neal, Shale (107) 8 10  
 Time, 1:44 3/4.

Sixth race—One and a sixteenth miles. Selling. Three-year-olds and upward. Value to first \$150.  
 Horse and Jockey. Op. Cl.  
 Mechanic, Leeds (112) 2 7-2  
 Ed. Ball, Keogh (115) 5-2 5-2  
 Adena, Coburn (107) 2 2  
 Mattie Mack, Vosper (109) 3 3-5  
 Time, 1:50 2/4.

Royal Hair grows at half the rate of that of girls.

## LAING WILL SCULL AT CANADIAN HENLEY

Champion Oarsman Has Gone East and Will Row at Detroit.

Confident that he can repeat his western performances in the east, Charlie Laing, champion amateur sculler of the Pacific northwest and member of the Vancouver Rowing Club, left last night for the east to take part in the Canadian Henley regatta at St. Catharines on July 26th and 27th. Laing has taken his own boat and will row No. 2 in the senior four and incidentally won the junior and senior singles at Seattle. In 1908 Desbrisay, of Nelson, beat Laing at Seattle, but the latter won the senior singles at Astoria and captured the doubles also with Saverio. This year Laing won the senior singles very easily at Seattle and showed himself as by far the best sculler in the Pacific northwest.

PRIDES BEAT BEACON HILL. The Pride Clear ball team beat the Beacon Hill nine last night at Beacon hill, the score being 9 to 2. Up to the junior championship event of the N. P. A. A. O. at Nelson, losing to his clubmate Norman Sawers. In 1907 he rowed No. 2 in the senior four and incidentally won the junior and senior singles at Seattle. In 1908 Desbrisay, of Nelson, beat Laing at Seattle, but the latter won the senior singles at Astoria and captured the doubles also with Saverio. This year Laing won the senior singles very easily at Seattle and showed himself as by far the best sculler in the Pacific northwest.

NORTH WARD WINS. The North Ward Olympics won from the Methodist Church juniors last night at North Ward park by seven to six, after a close game all through.

JUNIOR MATCH. North Ward juniors beat the Caledonians last night by 11 to 0. Hill and Egan for the winners were the principal hitters for the winning side. North Ward has not yet been beaten. A McGregor made a satisfactory umpire.

ATHLETICS. INVESTIGATING CHARGES. Vancouver, July 21.—At a meeting of the Vancouver branch of the B. C. A. U., held last evening, the report of the investigation committee regarding the amateur standing of Art Burn, the Calgary runner, was received and after a lengthy discussion, action was deferred till certain points involved had been considered by the C. A. A. U.

The charges was made against Burn, who is now running under the colors of the Spokane Athletic Club, that he received considerable in excess of legitimate expense money in connection with the Marathon run at Recreation park on Empire Day. Burn is also charged with having contravened the rules in accepting improper sums from sport promoting bodies on the other side of the line. Burn appeared on the carpet to give his explanation.

Chandler, Vancouver's distance runner, is alleged to have also received a cash payment in connection with the same Marathon, but his case will not be investigated until his return from Winnipeg.

Several members of the Inter-Association Baseball League will be asked to appear before the union and explain their reasons for playing baseball on Sunday in American towns. A. H. Gowen, secretary of the B. C. A. U., announced that the provincial championships will be played off in Vancouver on August 28th.

## RESULTS OF GAMES IN BASEBALL LEAGUES

(Times Leased Wire.) AMERICAN. Cleveland, July 21.—Scores were as follows:

Boston 7 0  
 Cleveland 4 7 1

THE RING. MESSAGE FROM JEFFRIES. New York, July 22.—In a telegram addressed to a friend here to-day, James J. Jeffries announced that at the close of his theatrical engagement he will come to New York and post a forfeit for a fight with Jack Johnson.

Jeffries now is in Minneapolis. His theatrical engagement will close on July 25th.

Large elephants weigh six tons; large whales one hundred and fifty tons.

PILES. Dr. Chase's Ointment is a certain and guaranteed cure for each and every form of itching, bleeding and protruding piles. See testimonials in the press and ask your neighbors about it. You can use it and get your money back if not satisfied. Sold at all druggists or by mail from Dr. Chase & Co., Toronto.

## TENNIS ENTRIES TO CLOSE FRIDAY NIGHT

Miss Hotchkiss Probably Among Contestants Here.

Secretary Talbot of the Victoria Tennis Club, notifies tennis players that the entries for the annual B. C. Tournament to be played next week on the Belcher courts under the auspices of the Victoria Tennis Club, close Friday night at his office, Government street. Just what entries will be to hand by that time from the outside cities is a problematical matter as the secretary has so far not received entries from the Portland, Vancouver and California players now touring the northwest circuit. Tyler and Macdonald, however, will be here for a certainty, and as Miss Hotchkiss was last week at Portland and is now at Vancouver, it is expected the champion lady expert will be among those who will again participate in the local matches.

Miss Hotchkiss last year succeeded without difficulty in winning all her matches here and carrying away to the south a large parcel of handsome trophies. She will doubtless, after her American successes, want to repeat her last year's championship here.

The Misses Pitts are in Vancouver representing Victoria in the ladies' matches this week.

There are 250,000 words in the English language.

THE NEW FRENCH REMEDY. THERAPION

This successful and highly popular remedy, used in the Continental Hospitals by Eminent, French, German, and other authorities, is the desiderata to be sought in a medicine of the kind, and surpasses everything hitherto employed.

THERAPION No. 1

is a remedy which cures all the urinary organs, removing all discharges from the urinary organs, suppurating infections, the use of which does irreparable harm by laying the foundation of stricture and other serious diseases.

## THERAPION No. 2

for impurities of the blood, leucorrhea, gonorrhea, syphilis, and all the diseases of the blood.

THERAPION No. 3

for nervous debility, impaired vitality, sleeplessness, and all the distressing consequences of over-exercise, excess, residence in hot, unhealthy climates, etc. It possesses surprising power in restoring strength and vigor to the debilitated.

THERAPION

is the principal remedy for all the diseases of the blood, leucorrhea, gonorrhea, syphilis, and all the diseases of the blood.

Wholesale from Henderson Bros., Ltd., Victoria, B. C.

Sunshine grates have maximum strength

Sunshine Furnace has four triangular grate bars, each having three distinct sides. In the single-piece and two-piece grate no such-like provision is made for expansion or contraction, and a waste of coal always follows a shaking.

On the left- and right-hand sides are cotter pins, which when loosened permit the grates to slide out. These four grate bars are made of heavy cast iron, and are finished up with bulldog teeth. The teeth will grind up the toughest clinker; and

## SUNSHINE furnace

because the grates are made in sections, not only can nothing but dust and ashes pass through, but after each shaking a different side can be presented to the fire. Also, with the Sunshine grate there is no back-breaking movements attached to the shaking. By gently rocking the lever, first on the left and then on the right, the ashes are released on both sides, and fall through into the pan.

## TRAVEL GREATER THAN HITHERTO

OVER TWO THOUSAND A DAY VISIT CITY

Few People Take Direct Route From Vancouver to Seattle.

There has never been anything like the present travel to Victoria, throughout the history of the city. Almost everyone who comes to the West comes to Victoria. The steamers carry large crowds both coming and going, and the result is that a good deal of money is being left here, and the city is receiving more and better advertising than it has ever received before.

Yesterday was only an average day, nothing like as high as some, yet the number of people arriving from Seattle on the Princess Victoria was 50, and those leaving on the Princess Charlotte was 70. Besides this the Iroquois carried a good crowd, and there were even more on the steamers to and from Vancouver. At least two thousand people entered and left the city, the largest number being tourists who stay one or more days and pass on.

The result of the travel may be seen as any time on the streets, the tally-hos, the observation cars, at the curio shops, the hotels, for instance. The Empress and several of the other hotels have almost every day, to turn away some who wish to be guests. This has never happened before except on special occasions. There is not a hotel in town but is doing a good business. A large amount of money is being left in the city and this is bound to have a good effect on business generally.

One striking feature of the business is that so few people travel direct between Seattle and Vancouver. All seem to prefer coming round this way. News of the charms of Victoria has been bruited abroad, and to-day the harvest is being reaped. Even those who find they have

not time to stop off here insist that their round trip tickets read via Victoria, and they are able to take a bird's-eye glimpse of the city in passing, with a couple of hours to look at the parliament buildings, the Empress hotel, and an opportunity to send away a few post cards illustrating the chief features of the city.

### NOTICE TO MARINERS

The U. S. hydrographer at Port Townsend reports to the agent of marine and fisheries that the epinule supposed to be on the rock just off South Passage point, entrance to Tonnage Inlet, Chatham strait, Alaska, has disappeared. This rock, for navigators using the inlet, is dangerous in entering from or leaving for the southward and should be well marked.

### SEA CAPTAINS ARE RUSTICATING IN WOODS

Andrew Weir Co.'s Officials Enjoying Life on Vancouver Island.

Three captains in the employ of the Andrew Weir company have discovered that there is no place in which to take a holiday that can compare with the woods of Vancouver Island. They have brought their wives and families and are spending a week or two rusticating at Seventeen Mile Post, on the shore of the famous Saanich Inlet. There they have boating, bathing, fishing, donkey riding and mountain climbing, to engage their attention, besides wood and ramble, afternoon teas, and evening parties. They are on land but are near enough to the sea to get a whiff of the salt at any time.

The party consists of Captain McBride, wife and family; Captain Whitten and wife, and Captain Baird, wife and family. They are guests of Leon Camus at his summer cottage where they are visited almost daily by hosts of friends from town.

### INJURIES TO IROQUOIS HAVE BEEN REPAIRED

Wireless Wires Will Be Restrung To-day—Paint Covers Marks.

Steamer Iroquois on her return to this city early this morning showed hardly any trace of the escape of yesterday morning, when, in the thick fog, she rammed the schooner Endeavor off Port Townsend. The carpenters had been at work, and had been followed by the painters, so that as she pulled out at 7 a. m. nothing but a slight dent in one of two of the plates indicated that anything unusual had happened. The plates will retain their marks of conflict until the end of the rush season, when she will be docked and the steel straightened. The wireless is not yet in working order, but the aerial wires will be restrung to-day and then everything will be as it was before.

### MARAMA COMING

Australian Liner Should Arrive Here Next Tuesday Afternoon.

Steamer Marama is expected to arrive here from Australia and way ports on or about Tuesday afternoon next. She called at Fiji and Honolulu, leaving the latter port on Tuesday last on the last leg of her long voyage. She has a number of passengers, most of whom are booked through to England or United States ports. She also has a large quantity of mail matter from Australia and New Zealand for various points.

Steamer Erna, of the Jensen line, leaves for San Francisco, Mexican ports and Central America on August 1st. A number of passengers will come over from Seattle to join her at this port in order to evade the coasting laws of the United States. The Erna being a German ship is not allowed to carry passengers from one United States port to another, so they come to this city on the Iroquois and book from the local office.

### SECRETARY OF PILOTS' BOARD IS RESIGNING

A. B. McNeil to Give His Whole Time to Realty and Insurance.

A meeting of the Pilotage Authority is to be held this afternoon, at which it is understood A. B. McNeil, secretary of the authority, will tender his resignation. Mr. McNeil finds the work interfering too much with his real estate business. Often he has to leave town in order to consummate some deal, and has to hurry back before he wishes in order to attend to the business of the pilots. In this way he has been considerably hampered, and has therefore decided to resign.

Mr. McNeil was appointed to the secretaryship of the board May 1st, 1904, succeeding E. Crowe Baker in that position. His relations with the pilots and with the authority has been on the whole of a most cordial character, and in leaving he pays the highest tribute to the late chairman, Capt. J. G. Cox.

Mr. McNeil will continue his real estate and insurance business in this city with office at the same place on Trounce avenue.

There is a good deal of uncomplicated business being made, even by good Conservatives, who have occasion to go to the law courts at the expense of the attorney-general's department, which has charge of the staff. The elevator attendant has been granted the usual holiday, the first he has had for several years, but no provision has been made for the running of the elevator while he is away. The danger hangs half-way up the shaft, and anyone who wants to get to the offices on the upper floors has to climb the winding stairs.

Berlin is said to have more trees on its streets than any other city in the world.

## SUNLIGHT SOAP

### DOUBLE CHANNEL PROPOSED FOR HARBOR

T. C. Sorbey's Proposition Will Be Put Before Hon. W. Pugsley.

T. C. Sorbey, secretary of the Inner Harbor Association, is again to the fore with a scheme for a double channel at the entrance to Victoria Harbor. Traffic has increased a great deal in later years, a large number of craft small and large are entering the harbor. The increase in the number and size of the sailmills means an increase in the number of ferry steamers, traders and vessels of all kinds. The result is that the entrance channel is often rather crowded. Mr. Sorbey proposes to ameliorate this condition and the assistance of the minister of public works, Hon. W. Pugsley, will be asked to dredge out another channel around Pelly Island, making a second entrance which could be used by vessels passing out of the harbor. The members of the Inner Harbor Association have set their seal of approval to the plan and it will be laid before the minister during his coming visit at the end of the week.

It is also planned to take Hon. William Pugsley and Hon. William Templeman on a trip around the harbor when they will be shown the advantages of the proposed improvement.

#### BURNABY'S RESIDENT ENGINEER

New Westminster, July 21.—Frederick L. McPherson was appointed engineer for the municipality of Burnaby at the meeting of the council of that municipality. The matter of the appointment of an engineer has been under the consideration of the municipal council for some time. Up to the present Burnaby has had no municipal engineer, its engineering work having been done by A. J. Hill, of this city, and Col. Track of Vancouver. The council has decided, however, that in consideration of the extensive plans for improvements now before it, a resident engineer is needed.

Pachena, July 22, noon—Cloudy; light westerly wind; bar, 30.08; temp, 65; light swell; steamer City of Puebla will pass in about 7 this evening.

### MARINE NOTES

Steamer City of Puebla is expected to arrive to-night with 25 tons of freight for this port. A number of passengers will also drop off here before the vessel leaves for Seattle.

Steamer Oceana, of the Andrew Weir line, left Yokohama for this port on the 17th inst. and should arrive here about the last day of the month. This is her first voyage to this coast.

Navigation is now open on the Yukon River and Lakes. Connections are made with the Company's steamers, carrying both freight and passengers: At Caribou for Atlin; at White Horse for Caribou and Intermediat points; and at Dawson for Fairbanks and points on Lower River.

For further information apply to TRAFFIC DEPARTMENT, WILLIAMS BUILDING, VANCOUVER.

LABOR COUNCIL HEARS  
SATISFYING REPORTS

More Men Are Employed Than  
Ever—J. C. Watters Re-  
elected President.

At last night's meeting of the Victoria Trades and Labor Council the election of officers took place and resulted as follows: President, J. C. Watters, of Laborers' Union; vice-president, J. Dougal, Blacksmiths' Union; corresponding secretary, C. Sivertz, Letter Carriers' Union.

The election of the balance of the officers was postponed until next meeting. Delegates Herberger, Tibbits and Lister were appointed a special audit committee with instructions to report next meeting.

The labor temple committee reported having visited many unions, being well received and the plan heartily approved. Secretary Sivertz made a report regarding the state of trade among the different union members during the past six months. These dealt in detail with all the different trades represented on the council. It showed that the percentage of employed men was greater than for many years past, and prospects good for the balance of the year.

G. Nelson, of the Staged Steam Laundry, was permitted to address the council, and said he understood that the council had endorsed the publication of a bulletin called the "Annual Labor Review." His firm was anxious to advertise in it, but objected to doing so if the advertisements of the firms that did not employ union labor were inserted. Firms whose advertisements had been accepted employed Chinese labor.

The president informed Mr. Nelson that the council had endorsed the scheme on condition that nothing was to appear until first submitted to the press committee of the council, and so far nothing had been submitted. There was no reason to doubt that the committee would see that everything was conducted on strictly trade union lines.

Rev. Dr. Spencer wrote offering to address a workmen's meeting early in August on the subject of local option. The letter was referred to the executive for consideration and report. The secretary of the Barbers' Union wrote giving the name of certain unions whose members patronized non-union barber shops. Several of the unions named were not affiliated with the council. In no cases were names or details given, which made it difficult for the council to deal with the matter effectively. After some discussion the matter was referred to the executive to obtain fuller details. In the meantime the council will have no influence to bring about a more satisfactory condition of affairs.

The Laborers' Union wrote that they were in favor of having an organizer appointed for three months, the council to pay one-third and the union two-thirds of the expense, provided it did not exceed \$300 for three months.

Several bills and accounts were presented and ordered paid.

ANNUAL PICNIC.

Burnside Sunday School Have Enjoyable Outing at Foul Bay.

The annual picnic of the Burnside Baptist Sunday school, which was held at Foul Bay yesterday, was an enjoyable one. A special car was provided to carry the children and their friends to the grounds. Bathing was indulged in as well as games of various kinds, and after lunch a programme of sports was held. These resulted as follows:

Babies' race—1, Robt. Anderson; 2, Eunice Hodges; 3, Jennie Forbes. Girls of primary class—1, Agnes Anderson; 2, Lillian Smithurst. Boys of primary class—1, Robt. Waring; 2, Vivian Donnelly. Boys of primary class—1, Ivon Rutherford; 2, James Mercer. Girls of Miss Few's class—1, Gertrude Smithurst; 2, Lillian Mercer. Boys' race (11 to 14 years)—1, Calvin Foote; 2, Tom Anderson. Potato race—1, Laura Williamson; 2, Gertrude Smithurst. Wheelbarrow race—1, W. Anderson and R. Smithurst; 2, C. Foote and T. Anderson. Boot and shoe race—1, Gertrude Smithurst; 2, Ena Hancock. Three-legged race—1, T. Anderson and V. Duncan; 2, R. Maine and C. Foote. Boys' marathon race—1, Tom Ward; 2, W. Anderson; 3, Gerald P. Few. Young ladies race—1, Edith Parcell; 2, Jennie Duncan. Young men's race—1, Gerald Foote; 2, Harold Abbott. Married ladies' race—1, Mrs. McPhee; 2, Mrs. Hodges. Married men's race—1, A. Few; 2, W. Russell. Girls' consolation race—1, Grace Watson; 2, Edith Smith. Prizes were distributed to the winners immediately after partaking of supper, and all returned to the city by special car at 7:45.

WILL TRY TO ELECT WOMAN.

Women Voters of Colorado Are Now Preparing for Campaign.

Denver, Colo., July 22.—As though rebuking former Governor Buchtel, who declared in New York that "only the dress of womanhood go to the polls," the announcement is made by members of the various women's associations in Colorado that a concerted effort will be made two years hence to elect a woman representative from Colorado to congress. Plans for the campaign are already under way and an active fight will be made by the women voters.

"Of course it is difficult to tell whether we will be successful in our efforts or not," said Mrs. Harriet Wright, former member of the state legislature. "But we are looking forward to landing a woman in the halls of congress, and we certainly are going to make a determined trial."

—\$10,000 stock of watches, clocks, jewelry, electro-plate, cut glass, etc., etc., to be sold by auction regardless of cost, at Felix McManus, corner Johnson and Douglas. Auctions at 3 and 7 daily, commencing on Saturday next, July 24th, Store to rent.

An alloy of 70 per cent. of cerium and 30 per cent. of iron has the remarkable property of giving a shower of sparks when struck by steel.

OPENINGS IN CANADA  
FOR BRITISHERS

Women Interested in Question  
See Great Possibilities in  
This Country.

Miss Wilkinson, of Swanley College, near London, Eng., who in company with Miss Kitson, of Scarborough, Eng., came here with the international delegates, left to-day, en route for England. Both ladies have been looking into matters connected with their individual lines of work. Miss Wilkinson is interested in the establishing of young girls trained in Swanley College, in good homes throughout British Columbia. They are trained in poultry raising, horticultural work and along purely domestic lines. Miss Wilkinson has been in the interior of Vancouver Island, looking into prices of land for fruit raising, where women might engage in that line of work profitably, and on her return to Eng., will try the matter before her students.

Miss Kitson is employed by the British government in administering the pauper law. In Canada, she is glad to find, no such necessity exists. In speaking for a few minutes on the subject at the Alexandra Club last evening, Miss Kitson said Canada had been a revelation to her. It made her feel that there was no need for the crowded condition of affairs in England, where there was so much space in the colonies. The unemployed of England were unemployed, she said, largely because they were unemployable. Children were reared in such vitiated atmosphere that they had neither the physical, nor moral, nor mental stamina of children brought up in this large, free country. The only solution of the pauper problem for England was to find a home for its unemployed in Canada and the other colonies. By that, Miss Kitson said, she meant a wholesome dumping of paupers and other undesirable on the colonies, but a good class of settlers who would be willing to work, and take advantage of the privileges of this glorious country.

## SOCIAL AND PERSONAL

Miss Gladstone, a third year student of the Western Medical College, Toronto, is the guest of Mrs. Wm. Gleason.

Mrs. L. M. Wilkins, of 848 Mason street, leaves early in August on a visit to her brother, Dr. Fraser, of Halifax, N. S.

Dr. Etta Denovan is entertaining Miss Johnson, of Red Deer, Alberta, who is charmed with Victoria and will make an extended stay in town.

Mr. and Mrs. Herbert Kent have returned from an enjoyable trip to Seattle. Miss Marjorie Kent has remained with friends for a longer stay.

The Misses Hodges and Grieve, of London, who came to Victoria with the international delegates, are spending some time in town, and are guests at the Balmoral.

Mr. and Mrs. Scott, Oak Bay, are entertaining Mrs. E. Semple, of Winnipeg. Mrs. Semple is a sister of H. Buckle, and is meeting many old friends from the prairie city in Victoria.

Mrs. Henry Croft will be the hostess of a garden party in the beautiful grounds of Mount Adelaide on the afternoon and evening of August 3rd. The proceeds will be in aid of the King's Daughters of Victoria.

—Picnic Plates, 10c doz.; Picnic Teapots, 30c; Picnic Spoons, 45c doz.; Enamel Cups and Saucers, 20c; Cork Screens, 20c; Can Openers, 10c; Baskets, 20c, at R. A. Brown & Co.'s, 1202 Douglas St.

—MAKE YOUR TRIP TO SEATTLE by the fast S. S. Inokoma, leaving daily at 9 a. m.

RECEPTION TENDERED  
TO MRS. DOBSON

Women of City Heard Australian Worker at Alexandra Club.

The reception tendered Mrs. Dobson, of Australia, by the Local Council of Women at the Alexandra Club last evening was a very charming affair. The pretty rooms of the club were gay with marguerites and spirea, and the buffet from which dainty refreshments were served by Miss Tully, assisted by the Misses Hodges and Grieve, of England, carried out a pretty color scheme of white and yellow, with marguerites and a graceful draping of pale yellow silk.

Mrs. Hasell received the guests, among whom were: Mr. and Mrs. C. E. Cooper, Mrs. R. S. Day, Dr. E. Denovan and her guest, Miss Johnston, Mrs. J. T. Reid, Mrs. Gleason, Mrs. Andrews, Mrs. Gordon Grant, Mrs. Veigh, Mrs. R. B. McMicking, Mrs. Jenkins, Mrs. Pickard, Mrs. Fitzgibbon, Miss Lawson and a number of others.

Mrs. Dobson is a flat contradiction to the opinion many hold that taking part in politics makes a woman unwomanly, for a more gracious type of womanhood it would be hard to find. Beautifully dressed and full of her subject, with perfect confidence in herself and her work, Mrs. Dobson gives a lasting impression of the old-fashioned motherly type of woman, a woman whom every one with whom she came in touch would trust and like instinctively.

Mrs. Dobson spoke first of the work of the Local Council of Australia, pointing out the different lines along which they were conducted. Next, she told how the suffrage had been granted the women of Australia, because it had seemed right to the men that they should have it. The women had been doing the greater part of the philanthropic work. They had been caring for the sick, fighting tuberculosis, caring for the aged and infirm, and imbeciles, doing in short work which the men of the country had neither the time nor the inclination to do. Why then, said the men, should they not be allowed to vote?

Asked by some one in the audience if she would not submit a woman to rudeness or insult, Mrs. Dobson indignantly repudiated any such thought. She herself had voted a number of times, and there had never been the slightest approach to rudeness from any of the men around the polls. Women were, in fact, doing the work of the men, and in doing so they were interested themselves in politics. Hence, they made "better" mothers and home makers, because a sense of their individual responsibilities was brought home to them. They saw the necessity for training their children, to take a responsible part in the future of their country.

Women did not duplicate their husband's votes. Neither had the fact that a woman often killed her husband's vote engendered family ill-feeling and strife. The men of Australia realized that the women of their country were sensible, reasonable beings, and as such had a right to vote as they chose without question. The only menace was from the Socialist party, where in some parts men and women both were forced to vote a party ticket. The women of the educated classes were, however, striving to counteract this influence by distributing literature and going about among the Socialist women, showing them the utter unreasonableness and folly of their line of action, and much good was being done.

The Women's Local Councils of Australia and Tasmania paid special attention to laws for children and women, safe guarding and protecting them whenever the occasion called for it. As the law stood at present a man might will his property away from his

wife, but the Women's Council were working for a law making it compulsory for men to make suitable provision for their wives.

Mrs. Dobson emphasized the thought that ministering children's league societies should be organized everywhere. There were at present many hundred thousands of these, but there should be many more. In these leagues children were taught to be self-sacrificing, to be constantly on the look out for some way of helping others. In this way children from their earliest years were accustomed to the thought that they must not live merely for themselves. Then, as they grow older, they would take their places naturally in philanthropic work, and carry it on understandingly.

At the close of her address, Mrs. Jenkins made the interesting speaker a vote of thanks, which Mrs. Fitzgibbon seconded, and the audience tendered her by standing.

Mr. Dobson gracefully acknowledged this tribute, and a spirited and interesting discussion followed.

PANTAGES THEATRE.

This week Pantages theatre has a bill that is drawing crowded houses at every performance.

With each day doing something different than the day before and each new feature of a bewildering nature, Astro, the fortune telling clairvoyant, and his company continue to literally pack the Pantages theatre at every performance. Last night the mysterious trunk-escaping feat was performed by Miss Astro, the youngest daughter of the aged seer, in a manner exceedingly puzzling to everybody. This trick has been performed in Victoria but never before in a way seemingly so absolutely impossible, as accomplished by this beautiful young lady.

The other attractions on the programme are all excellent and the result is the best show in a very long time.

GORGE PARK POPULAR.

Concerts Are Attracting a Great Deal of Attention This Summer.

The concerts at the Gorge park are attracting large crowds every night. The entertainment given is a good one, including a band concert by the city concert band, together with a moving picture programme. The moving picture numbers for the remainder of the week include the following: "Romance of a Fur Company," "The Devil's Pot," "Just Married," "I Am Napoleon," "The Runaway Mother-in-Law," "The Father Was to Blame."

In addition to the entertainment afforded by the evening programmes, the swimming baths are attracting many this summer. The Gorge is in fact all day long a scene of the greatest life.

—Next Sunday the Inokoma will stop at Salt Spring, Pender and Mayne Islands, both going and returning. This is also a very pretty and enjoyable trip. Refreshments served on board. Take V. & S. train 8:45 a.m. Come along and enjoy this delightful outing.

"Glass may be frosted with a solution of one part of wax in ten of turpentine, to which is added one part each of varnish and siccativ.

## The Badge of Honesty

Is on every wrapper of Doctor Pierce's Golden Medical Discovery because a full list of ingredients composing it is printed there in plain English. More than forty years of experience has proven its superior worth as a blood-purifier and invigorating tonic for the cure of stomach disorders and all liver ills. It builds up the run-down system as no other tonic can in which alcohol is used. The active medicinal principles of native roots such as Golden Seal and Queen's root, Stone root and Mandrake root, Bloodroot and Black Cherrybark are extracted and preserved by the use of chemically pure, triple-refined glycerine.

Send to Dr. R. V. Pierce at Buffalo, N. Y., for free booklet which quotes extracts from well-recognized medical authorities such as Drs. Bartholow, King, Scudder, Coe, Ellingwood and a host of others, showing that these roots can be depended upon for their curative action in all weak states of the stomach, accompanied by indigestion or dyspepsia as well as in all bilious or liver complaints and in all "wasting diseases" where there is loss of flesh and gradual running down of the strength and system.

The "Golden Medical Discovery" makes rich, pure blood and so invigorates and regulates the stomach, liver and bowels, and through them, the whole system. Thus all skin affections, blotches, pimples and eruptions as well as scrofulous swellings and old open running sores or ulcers are cured and healed.

In treating old running sores, or ulcers, it is well to insure their healing by apply to them Dr. Pierce's All-Healing Salve. If your druggist don't happen to have this Salve in stock, send fifty cents in postage stamps to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and a large box of the "All-Healing Salve" will reach you by return post.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of KNOWN COMPOSITION, not even though the urgent dealer may thereby make a little bigger profit. Though he offers the substitute for a less price you can't afford to experiment with your health. Go where they give you what you ask for without argument.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

LOTS AT THE LOWEST POSSIBLE  
PRICE  
And Arrange Terms to Suit Purchaser.

BANQUET GIVEN  
TO MINISTERS  
(Continued from page 3.)

"My department does not take on a tangible form; it is of an advisory nature and I therefore cannot talk much of it. But I can tell you in general terms of our advancements. In the Ottawa valley is the lumbering industry; at North Bay the prospectors are found heading for the silver camps of the Northwest, where the companies have paid \$12,000,000 in dividends. At Sudbury are the nickel mines, yielding three-fifths of the world's supply. At the Twin Cities are the greatest inland docks; there are the elevators, the biggest in the world, which handle three million bushels of grain a day. The G. T. P. there will have fourteen miles of waterfront when its gigantic scheme is completed. But as the traveler proceeds westward to this province, which Lord Grey told me was not only the greatest in the Dominion, but in the Empire, the progress of the east seems puny beside what you have done. Allow me to share your pride and let me say that your future prospects will be as great as your most rosy dreams can picture.

"As an eastern man I can say that there is no antagonism in the east to the west. Each is necessary to the other.

"Dr. Purley has spoken of progress. Progress is a relative term. Can we cast a retrospective view over the conditions that prevailed in former times? Can any of us remember the days of the sailing ship when it took us two months to cross the Atlantic, and the settler exchanging his postage for the necessities of life? Then this country was looked on as distant as if it were in another continent. How remote those conditions seem now! Transportation has brought us together. Big cities have arisen here to dispute, and successfully dispute, the commercial supremacy of Quebec, Toronto and Montreal.

"While the material development has been wonderful, there has also been a marked change in the political life. There was once a movement for annexation to the United States. That desire was continued for years to follow under different names. A feeling of unrest as to Canada's future caused all kinds of ill-considered schemes which hampered the public progress. At least one million Canadians went to the United States? What is it now? We hear no more of annexation or of imperial federation. All are bent on making Canada a self-governing nation within the great British Empire. (Loud cheers.) And to whom is this great change in public sentiment to be attributed? To Sir Wilfrid Laurier and those who have assisted him since 1896? These are the milestones—the British preferential tariff, the South African contingents, the Canadian delegates to the Imperial conference, the taking over of the fortifications at Esquimalt and Halifax, the gaining of Canada's right to make trade treaties, and the right to say no treaties shall be made affecting Canada without her consent. But greater than all, our chief has unified the diversified races and elements and forged the strongest link over of the fortifications at Esquimalt and Halifax, the gaining of Canada's right to make trade treaties, and the right to say no treaties shall be made affecting Canada without her consent. But greater than all, our chief has unified the diversified races and elements and forged the strongest link over of the fortifications at Esquimalt and Halifax, the gaining of Canada's right to make trade treaties, and the right to say no treaties shall be made affecting Canada without her consent. ## MANY CIVIC WORKS

### BEING PUSHED AHEAD

## High Pressure Pumping Station Nearly Ready for Plant—Paving Works.

A number of civic works are being carried on vigorously at present and others are in near prospect.

The floor in the new pumping station for the salt water high pressure system is practically complete, and one of the pumps is being got ready to be placed in position. The new wharf which is being put in alongside the electric light station, and opposite the foot of Telegraph street, is well under way and will be finished in a few days.

The paving of Store street is going on steadily. The concrete foundation is down as far as Finsbury street and as the railway track is down the rest of the concrete will soon be laid. The blocks are laid to the north side of Cormorant street, and the railway station is accessible by both entrances. Preliminary work has begun for the laying of the granite pavement on Cormorant street.

The old wooden sidewalk in front of the Empress hotel has been taken up and the work of laying the permanent concrete walk begun.

## THE CITY'S ATTRACTIONS FOR TOURISTS

THE ATTRACTIONS of this city are many, but the one great item of interest which all tourists and visitors shouldn't overlook is this establishment's offering in dainty souvenirs. He's an odd tourist indeed who doesn't delight in excellent range of suitable items and to the visitor from the United States it offers hundreds of items not to be found on that side.

Come in and see the choice china pieces and the drapery and curtain materials that high protective tariffs all but exclude from the United States. We import these direct and offer great values. Pleased to have you spend some time here. Come in. There isn't the slightest obligation to purchase.

# Charming New China Here To-day

DAINTY CHINA FROM THE FAMOUS AYNLEY POTTERIES AWAIT YOU

YESTERDAY we marked some of the daintiest china it has been our good fortune to handle for many a day—a heavy shipment of china tableware from the famous Aynley potteries. And we are going to make many new friends for our china department by offering these at specially easy prices. By all means see the window and the offerings on the first floor balcony. You'll be more than delighted with the dainty china and surprised at the little prices at which we have marked these. See the excellent range of 40-piece china tea sets at \$10 and the 22-piece sets at from \$6. Charming bread and butter plates from \$3 per dozen.

These are a few representative values. Pleased to have you come in and handle these pieces.

—first floor balcony.

Wholesale and Retail Dealers in

GASOLINE, FLAGS, PAINTS, OILS AND VARNISHES, ENGINE ROOM, STEAMBOAT, YACHT, LAUNCH, MILL, MINING, LOGGING, CAN-NERY AND FISHERMEN'S SUPPLIES.

SHIP CHANDLERS. Phone 41. 1214 WHARF ST.

STEAMSHIPS WITH LEGS.  
The trials of a new and powerful type of steam dredger for use on the White Nile by the Irrigation department in Khartoum are creating much interest in Egypt. A peculiar feature of the vessel, a Reuter message states, are her three legs, one at each corner of the fore end and one in the centre of the stern. On arriving over the ground to be dredged these legs are lowered by machinery until they rest firmly on the bottom, and the vessel thus gains a stability which the old methods of mooring by cables could never give.  
Next to iron, zinc is the metal produced in largest quantity by Germany. She ranks foremost in the world's production, and her output has increased from year to year.

## DEATH OF BANKER

Halifax, N. S., July 22.—Lawson, of the Union bank, died yesterday, aged 65. He was prominent in business and religious work here. Two daughters and four sons survive, two of the latter being Reginald and Walter, of Winnipeg.

Vancouver, July 21.—The result of yesterday's play in the Vancouver Lawn Tennis Club's tournament furnished some surprises. Joe Tyler, of Spokane, defeated E. H. Cardinal, 6-2 and 7-5. In the last set Cardinal had him with a score of 5 to 2 against him, but by very clever and consistent play, Tyler held his opponent down, and took the next five sets.

Another surprise was furnished by E. N. Gilliat defeating J. B. Farquhar, both of Vancouver, by 6-2, 5-7, 6-4, as Farquhar easily defeated W. Andrews, of Portland, yesterday.

Miss Hotchkiss, of Berkeley, Cal., and Miss Bell easily beat Miss Hobson and Miss Erwin, both of Vancouver, 6-0, 6-0. Miss Ryan, of California, and Miss Pitts beat Mrs. Grubbe and Mrs. McLennan, 6-0, 6-2.

The results of the day were as follows:  
Men's singles—E. Gilliat beat J. B. Farquhar, both of Vancouver, 6-2, 5-7, 6-4.

Joe Tyler, of Spokane, beat E. H. Cardinal, of Vancouver, 6-2, 7-5.  
R. Rhodes, of Vancouver, beat H. Garland, of Vancouver, 6-0, 6-2.

Veterans' match—C. R. Elderton beat H. Rhodes, both of Vancouver, 6-1, 6-2.  
Mixed doubles—D. S. Montgomery and Miss Pitts, of Vancouver, beat A. W. Field and Miss Greenhill, also of Vancouver, 6-0, 6-2.

Men's doubles—Joe Tyler, of Spokane, and Macrae, of New Westminster, beat D. S. Montgomery and E. H. Cardinal, both of Vancouver, 6-4, 6-2.

J. Burne and Charles, of Vancouver, beat J. G. Fleck and F. A. Lee, also of Vancouver, 6-3, 9-11, 6-4.

K. Bryan and C. Stoes, of Vancouver, beat T. B. Brown and A. C. Mitchell-Innes, also of Vancouver, 6-0, 7-5.

Ladies' singles—Miss Beckett, of Vancouver, beat Miss Hamber, of Vancouver, 6-2, 6-1.

Ladies' doubles—Miss Ryan, of Cal-

The year ended March 31st last, was says W. A. Appleton, secretary of the General Federation of Trade Unions, the most exciting period of the federation's existence.  
They dealt with 635 disputes in the Old Country, involving 54,962 persons, which in benefits alone cost \$122,815. By virtue of the balance carried forward from 1908 the federation was able to meet the demand upon its funds.  
The comparative immunity from disputes which it had enjoyed up to 1907 had encouraged the idea amongst some of its members that the contributions might be reduced and the benefits largely increased. But the experiences of 1908, the report states, show that these conclusions were premature, for the federation was left with a reserve smaller than any it had held since 1903. The decrease in the growth of the re-
